Cleveland Department of Public Health

Cleveland City Council – Health, Human Services, and the Arts Committee

May 13, 2024

Cleveland Department of Public Health – Community Health

CDPH organizes its efforts across five (5) Divisions:

- Administration
- Air Quality
- Environment
- Health
- Health Equity and Social Justice

Community Health

Engage the community on pressing health issues such as tobacco use, health literacy, heart and lung health, and preventative care.

The Problem: Tobacco Use Among Cleveland Residents

Prevalence

1 in 3 Cleveland Adults (18+)

- 84% of city residents live within a ten-minute walk from a tobacco retailer
- 77% of Cleveland public schools are within 1,000 feet of a tobacco retailer
- Cleveland is home to 36x more tobacco retailers than McDonalds

Health Outcomes

Smoking leads to disease and disability and harms nearly every organ of the body.

The Aim:

Increase awareness of available cessation resources

Increase availability of evidence-based tobacco cessation programs

Increase treatment readiness by removing barriers that hinder access to covered cessation resources

Prevent and Decrease Tobacco Use = Clevelanders Living Longer, Healthier Lives

2022 - Smoking Cessation Workgroup

2024 - CWRU Freedom From Smoking (FFS) Cohort

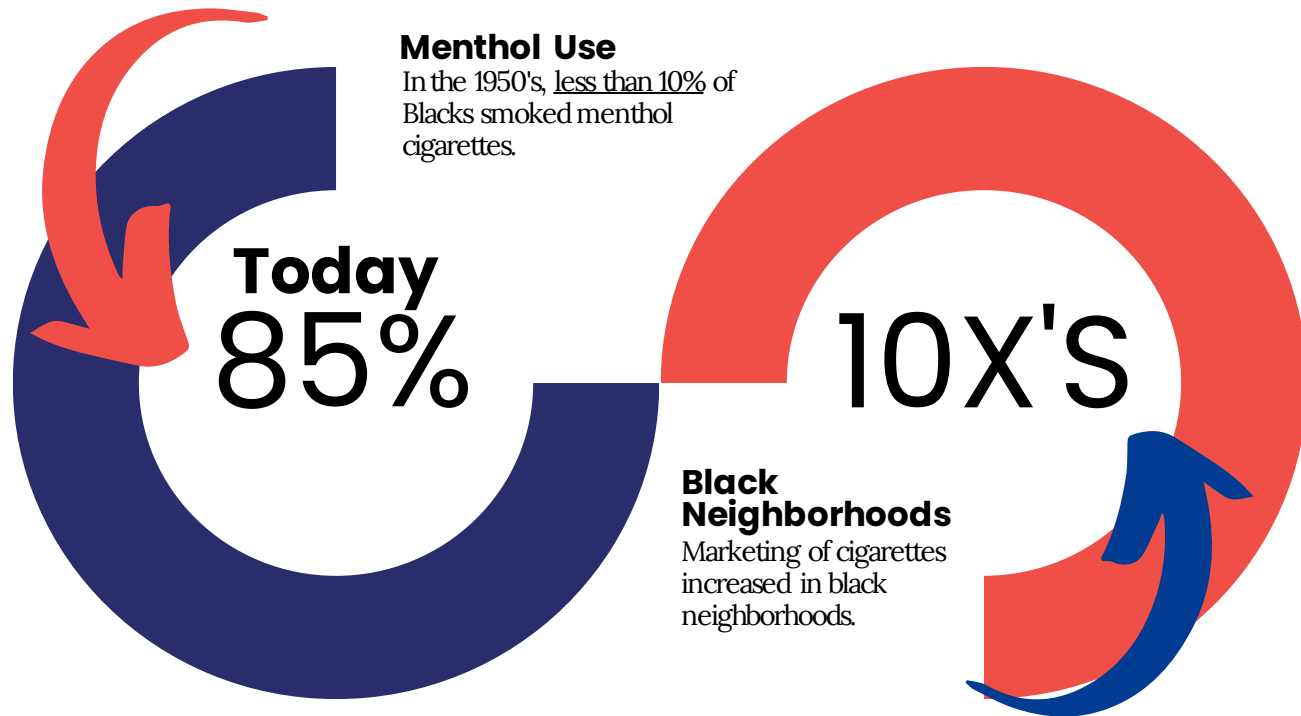

Increase awareness of available cessation resources

Increase availability of evidence-based tobacco cessation programs

Increase treatment readiness by removing barriers that hinder access to covered cessation resources

The Work: Tobacco Cessation Presentations and Collateral Development

HISTORY OF THE TOBACCO INDUSTRY

TARGETED MARKETING

- Utilized buzzwords ("Healthy" words)
 - Plant-based, Additive-free, farm to pack
 - Mild, Light, Super Light, Ultra Light
 - "Greenwashing"
 - Fresh and Cool (Multi-layered)

Price Sensitivity

Cigarette prices are lower in low-income Urban communities used to attract and retain adult and youth smokers.

Funding Black Culture

Tobacco companies have sponsored numerous people, events, schools, magazines, and organizations.

Cool and Sexy

They use liberation colors in their ads (red, black, and green).

Pleasure Vans

Starting in the late 60s, first with Newport's going into black projects handing out free cigarettes.

Illusion of Care & Political Influence

The Kool Achievers Award 1986-1993.

#breathefreeCLE

WHY QUIT?

Quitting smoking has health benefits at any age, no matter how long or how much you have smoked.

- Risk of developing [lung cancer](#) and dying from it are roughly cut in half.
- Quitting reduces the financial burden that smoking places on people who smoke, healthcare systems, and society. One could save \$2,400 to \$4,390 annually by giving up at least a pack a day
- You will likely feel much calmer, more positive, and have a better quality of life, especially if you struggle with your mental health.

Increase awareness of available cessation resources

Increase availability of evidence-based tobacco cessation programs

Increase treatment readiness by removing barriers that hinder access to covered cessation resources

The Work: CDPH Community Cessation Services

Pathways to a Smoke-Free Life

Most people who have quit smoking were unsuccessful at least once in the past.

- Counseling - can help you make a plan to quit smoking, prepare to cope with stress, urges to smoke, and other issues you may face when trying to quit.
 - Types:
 - Individual
 - Group
 - Modes:
 - Phone
 - Virtual
 - In-person
- Medication - This can help you manage withdrawal symptoms and cravings, which helps you stay confident and motivated to quit.
 - Nicotine Replacement Therapy
 - Over-the-counter forms: patch, gum, lozenge
 - prescription forms: inhaler, nasal spray
- Counseling and medication together give you the best chance of quitting for good.

American Lung Association Freedom From Smoking (FFS) - <https://www.lung.org/quit-smoking/join-freedom-from-smoking>

People who use the Freedom From Smoking® Group Program are six times more likely to be tobacco-free one year later than those who try to quit on their own.

CDPH-Led Freedom From Smoking Sessions

- CDPH Community Health and Air Pollution Outreach staff certified **Freedom From Smoking® (FFS)** Facilitators
- Topics Covered
 - FDA-approved quit medications
 - Lifestyle changes that make quitting easier
 - Preparing for Quit Day
 - Stress management
 - Maintaining motivation
 - Avoiding weight gain
 - Developing a new self-image
 - How to stay tobacco-free for good
- Format
 - Eight (8) in-person group sessions delivered at partner site over a seven-week period
 - 8-12 Adults, 18+, ready to quit tobacco use
 - Safe and supportive environment

Promoting Services

- Interest Form
 - Electronic – CDPH website
 - Printed Palm Cards – Distribution to Partners and Internal Distribution
- Media Coverage
- Social Media
- Partner Agency Engagement
- TV 20 + more
