

**LEGISLATIVE SUMMARY**  
**Mayor's Office of Capital Projects**  
**Division of Engineering and Construction**

**The General Services Administration, United States Federal  
Government to Encroach into the Public Right-of-way of East 6<sup>th</sup> Street  
with 12 Security Bollards**

Ordinance Number: 26-2020

Description: Authorizing the Director of Capital Projects to issue a permit to the United States of America to encroach into the public right of way of East 6<sup>th</sup> Street by installing, using, and maintaining 12 security bollards.

Purpose: GSA is seeking an encroachment for 12 bollards along East Sixth near both sides of the Federal buildings loading dock entrance. The bollards along East Sixth Street are approximately 1'4" away from their property line and will be spaced approximately at 4'4" on center and 1'4" away from the driveway apron and spaced 6'6" on center.

In relation to the public right of way, the bollards are part of a security measure to protect our newly proposed guard booth from a direct vehicle strike. The locations of the new bollards are offset from the current path of pedestrian travel and will not public access to the current sidewalk.

A consent form acknowledging approval of this request has been signed by the Council Member.

Ward: Ward 3, Council Member Kerry P. McCormack
