

Divisions of Water/Cleveland Public Power/Water Pollution Control

Request for Legislation

An ordinance to authorize the Department of Public Utilities (DPU) to enter into one or more requirement contracts upon a unit basis for the Disposal of Debris at Landfills. Legislation will lead to a new contract(s) for a term of two years.

Background/Purpose:

The DPU (Divisions of Water-CWD, Cleveland Public Power-CPP and Water Pollution Control-WPC) must adhere to regulations established by the Ohio Environmental Protection Agency (EPA) for the disposal of debris. The materials include, but are not limited to, trench spoils, excavation debris and construction debris (concrete, sand, asphalt, gravel, mud, clay, tree limbs, wood chips, steel, metal, fiberglass, broken brick, rebar, old sheathing and shoring, and related items).

Scope of Work/Commodities/Services:

The scope of work includes the disposal of debris from excavations, trench spoils, and construction sites hauled to a landfill by DPU trucks or 40 cubic yard dumpsters filled with debris picked up by contractor trucks.

Debris will be loaded onto DPU trucks by DPU staff and taken directly to a landfill whenever possible. In the event the landfill is closed, the debris will be dumped at a DPU yard or station, and then later transferred to a landfill when one is open.

Contractors will supply 40 cubic yard dumpsters that will be picked up on an as needed basis. Contractors must respond within 48 hours of notification. During emergency conditions (storms, etc.) contractors shall give priority to CPP removal of storm debris.

Justification/Urgency:

The current contracts with Boyas Excavating, Inc. expires on July 26, 2019 and with Baumann Enterprises on August 7, 2019. Legislation is necessary to allow the next round of contracts. The contract(s) will be utilized by CWD, CPP and WPC to meet their daily operational needs.

Anticipated Costs and funding source:

The funding sources are DPU’s operating funds as approved by the City’s Finance Director. The projected two-year estimates are as follows:

Public Utility	Year 1	Year 2	Total
CWD	\$650,000.00	\$650,000.00	\$1,300,000.00
WPC	\$100,000.00	\$100,000.00	\$200,000.00
CPP	\$55,000.00	\$55,000.00	\$110,000.00
Total	\$805,000.00	\$805,000.00	\$1,610,000.00

Term of Contract:

Legislation will lead to a requirement contract or contracts for a term of two years.

CSB Participation on the Current Contracts:

OEO found that it is impractical to subcontract portions of this contract.

Current Contracts:

Vendor Name and Address	Services/ Work Performed	Contract Information	CSB Participation Goal (OEO Actual %)
Boyas Excavating, Inc. 11311 Rockside Road Valley View, OH 44125	DPU disposes of debris at landfill site with DPU trucks.
