

LEGISLATIVE SUMMARY
MAYOR'S OFFICE OF CAPITAL PROJECTS
Division of Engineering and Construction

Grant Avenue Resurfacing, County ID No. 1287

Ordinance No. 306-2022

Purpose: This Department requests legislation to grant consent to the County to construct the improvement on Grant Avenue from East 49th Street to East 71st Street; to cause payment for local share to County estimated at \$36,000; to authorize the Director of the Mayor's Office of Capital Project to enter into one or more agreements with the County to make the improvement from any and all funds as authorized by the Director of Finance.

Description: The County will arrange for the preparation of construction plans and specifications, including engineering reports, and for the supervision and administration of the construction cost and contribute 50% of the non-federal share towards construction costs and 60% of the design costs within the City of Cleveland limits. The improvements include asphalt milling, pavement base repair, asphalt resurfacing and installation of ADA compliant ramps, approximately 0.88 miles in the City of Cleveland and Village of Cuyahoga Heights. This project was selected based on its poor pavement condition rating to be part of the County Annual Resurfacing Program. The program's goal is to improve pavement condition on the County Road system.
