

Center for Disease Detection, LLC (CDD)
Executive Summary

Background/Purpose:

This legislation authorizes the Director of Public Health to enter into one or more contracts without competitive bidding with Center for Disease Detection, LLC for the purchase of lab services for reproductive health clinics that are needed under the Title X grant.

The Ohio Department of Health will no longer cover certain screening tests for certain patient populations that are in need of reproductive health services. CDD is the only lab service that contracts with the Ohio Department of Health to conduct screening tests for our patients at the Reproductive Clinics, and is the only agency that utilizes the current AFTIS software which is currently used by the clinical staff to upload and transmit patient information to ODH.

This contract will cover the all the screening tests listed on the attached documentation. The expanded lab services will assist CDPH in increasing patient volume; manage chronic disease (including HIV) and providing care to more vulnerable populations to optimize better outcomes and will enable CDPH to provide high quality reproductive services to an underserved population.

This will allow us to meet our grant requirements.

Amount: \$41,858.60

Term: September 18, 2020 to March 21, 2021

Funding Source: Title X Grant

August 24, 2020

This quote is covers the period of September 18, 2020 – March 21, 2021. Below are the tests you requested.

Requested Lab tests	Projected # tests	Costs per test	Total cost
CT/GC – by Thin Prep	174	\$12.50 per combo	\$2,175.00
CT/GC – Urine	174	\$12.50 per combo	\$2,175.00
CT/GC – Vaginal	174	\$12.50 per combo	\$2,175.00
CT/GC – Rectal	116	\$12.50 per combo	\$1,450.00
CT/GC – Throat	116	\$12.50 per combo	\$1,450.00
Basic Metabolic Panel	116	\$7.00 per test	\$812.00
CBC	17.4	\$6.00 per test	\$104.40
Comprehensive Metabolic Panel	14.5	\$8.00 per panel	\$116.00
Culture, HSV w/rfx Typing	29	\$29.00 per test	\$841.00
Culture, Urine	11.6	\$22.00 per test	\$255.20
Hemoglobin A1c	17.4	\$8.00 per test	\$139.20
Hepatitis B Surface Ab	58	\$10.00 per test	\$580.00
Hepatitis B Surface Ag	58	\$10.00 per test	\$580.00
Hepatitis C Ab	174	\$10.00 per test	\$1,740.00
Hep C RNA, Qualitative , PCR	11.6	\$86.50 per test	\$1,003.40
Herpes (IgG type 1 & type 2	58	\$31.00 per combo	\$1,798.00
Lipid Panel	11.6	\$9.00 per panel	\$104.40
Trichomonas vaginalis – Urine	1,392	\$17.50 per test	\$24,360.00
Total			\$41,858.60

Above pricing includes the supplies needed to collect the appropriate specimens, package the specimens for safe shipping to the lab as well as the cost to ship the specimens via next day service. Supplies provided will be based on the average monthly usage for each supply item and will be replenished automatically once our system recognizes that a supply item has reached its minimum inventory level. The minimum inventory level will be set at approximately 3 weeks' worth of inventory left for that item.

All specimen collection and handling instructions for these tests can be found in the Testing Information pages located on our secured-access website. Let me know if you have any questions regarding the above information.

Sincerely,

Michael Kossman
Specialty Development Executive
