**Problem Statement**

Please see the Request For Proposal (RFP) for this grant program for guidance on completing this section. The RFP can be found at [www.ocjs.ohio.gov](http://www.ocjs.ohio.gov)

Greater Cleveland continues to experience unacceptable narcotics-related violent crime including homicides, assaults, burglaries, and other related crimes. Experience has demonstrated that the challenges presented by the more sophisticated of these trafficking groups are beyond the capability of any one law enforcement agency. However, the coordinated approach made possible by the Northern Ohio Law Enforcement Task Force (NOLETF) allows for the full implementation of sophisticated investigative techniques and provides the resources necessary to respond to this challenge.

Fentanyl and heroin remain the dominate drugs preferred by drug traffickers. And, we have also seen an increase in the amount of cocaine, which has been adulterated with fentanyl in the Greater Cleveland area. Importation and sales of bulk marijuana remains high due to the relatively low penalties and high profit margins. Because of its strategic location, the Greater Cleveland area is increasingly identified as a transshipment point for narcotics, which reach other communities within Ohio. In addition, due to the legalization of marijuana in California, Colorado and Oregon, Greater Cleveland has seen an increase in the availability of marijuana in many different forms such as wax, edibles, oils and butters and capsules.

The NOLETF continues to see an increase in methamphetamine use and sales within Cuyahoga County. The NOLETF has been successful in investigating and criminally charging several persons and DTO's for methamphetamine sales. The NOLETF will continue enforcement efforts to attempt to curb methamphetamine sales and use in the community.

In Cuyahoga County Opioid related overdose deaths continue to plague the community. According to the Cuyahoga County Medical Examiner's Office in 2019 there were 647 total overdose deaths in the county. That includes 448 Fentanyl related deaths, 223 Carfentanyl related deaths, 293 Cocaine related deaths, and 152 Heroin related deaths. Figures for 2020 are not yet available, but we are on pace to meet or exceed the 2019 totals.

The major issues facing the NOLETF are as follows:

1) An increase in drug trafficking organizations (DTOs). Cuyahoga County residents account for over 20% of the overall state jail population but only 10% of the general population. Over 30% of the residents of the City of Cleveland (10% of Cuyahoga County) live at or below the poverty line. Only 34% of Cleveland school children finish high school. 80% of crimes committed in the City of Cleveland are drug related. These facts, combined with a steady supply of cocaine and heroin across the Mexican border, create a high demand for narcotics. Cash strapped governments in metropolitan Cleveland have little or no funding for long-term drug investigations. The confidential funds provided by the grant will be spent on undercover drug buys, source payments for information, and miscellaneous expenses in the field. Without the confidential funds, the task force would be unable to obtain the probable cause required for federal title III electronic surveillance warrants which are the basis for our multi-state and multi-national drug conspiracy investigations as well as dangerous forms of Fentanyl being shipped from overseas. These title III warrants are the most efficient tool in DTO dismantlements.

2) An increase in associated gang and drug violence. Through 2020, the City of Cleveland experienced a significant increase in gun violence which in many cases often related to gang violence fueled by the drug trade. NOLETF needs more resources to target and investigate violent gangs.

3) Budget cuts have reduced the number of law enforcement officers employed by many police departments. The overall manpower of Cleveland Police remains considerably low. Individual agencies simply do not have the resources to investigate these major cases on their own. The member agencies of the NOLETF serve as a force-multiplier. NOLETF has assisted in countless investigations of home invasions, murders, felonious assaults by firearm, and lower-level drug conspiracies in the surrounding suburbs. The task force targets entrenched sophisticated organized narcotics trafficking groups operating in the Cleveland area; especially those organized drug gangs with a propensity for violence. Not surprisingly, law enforcement in the Cuyahoga County area continues to identify drug trafficking and its related violence as the major crime problem facing the community.

The short-term consequences of not funding the NOLETF include a reduction in the number of investigations we are able to conduct. If we are unable to fund additional overtime hours or provide important confidential funds and equipment for investigations, we will not

**Problem Statement**

be able to complete the complex investigations necessary to disrupt and dismantle these organizations.

The long term consequences are an increase in narcotics-related violent crime in the Greater Cleveland area. If we are unable to complete multiple long-term investigations, the DTOs and gangs will continue to grow and contribute to violent crime.

The target population includes residents of Cuyahoga County, however, most of the activity is concentrated in the City of Cleveland. Cleveland is one of the country's poorest cities, with 34 percent living below the poverty level.

The City of Cleveland has struggled with sustained levels of violent crime well above the national average. Cleveland's violent crime rate far exceeds the national average per 100,000. For example, Cleveland's homicide rate per 100,000 is 33.72. The national average is 5.3. Cleveland is 6th in the nation for rape, 2nd for robbery, 23rd for aggravated assaults, and 7th in the nation for total violent crimes.

Project Description

Please see the Request For Proposal (RFP) for this grant program for guidance on completing this section. The RFP can be found at [www.ocjs.ohio.gov](http://www.ocjs.ohio.gov)

1) The NOLETF will continue its mission to dismantle DTO's in 2021, NOLETF brings together state, federal, and local agents and investigators in collocated space, adjacent to federal prosecutors, with close communication with local prosecutors to ensure that the most sophisticated investigative and prosecutorial resources are directed against organized drug trafficking groups. The collocation of the investigators fosters the development of intelligence in a timely fashion which helps to facilitate the utilization of the information and provides maximum flexibility in selecting the means most likely to result in the disruption or dismantling of organized criminal activity. Among the evidence-based investigative tools used by the NOLETF are the following:

- Intelligence Gathering
- Search Warrants
- Cultivating Information Sources
- Arrests
- Surveillance
- Interviews of Sources/Witnesses
- Debriefing of Defendants
- Testimony in Grand Jury, Trials, Court
- Evidence Gathering
- Financial Investigations
- Federal Title III Warrants
- Seizure of evidence, drugs, weapons, assets
- Undercover Operations
- State/Federal Indictment, Prosecutions, Trials

Court authorized electronic surveillance, one of the most effective and sophisticated investigative tools available, is a frequently used investigative technique. It should be noted that the NOLETF in conjunction with the FBI-Cleveland the US Attorney's Office, is consistently one of the leading narcotics investigations unit in the country utilizing the federal wiretap law according to former FBI Director James Comey. The variety of law enforcement agencies making up the NOLETF provides access to critical national intelligence which is used in local investigations and has promoted the NOLETF's participation in several national project investigations which substantially impact organizations that are shipping large quantities of controlled substances into the area. In 2019, Operation "Adios Narcos" indicted 18 individuals in four states, three Mexican nationals, seized 22 kilos of Cocaine, and half a million dollars. This was a long-term wiretap investigation. In 2020, we conducted "Southbound and Down," an investigation into an international cocaine trafficking DTO that will result in federal indictments of over 20 suspects throughout the United States and Puerto Rico.

The NOLETF is also an initiative within the Ohio High Intensity Drug Trafficking Area (HIDTA). As such, the NOLETF participates in the Ohio HIDTA intelligence gathering, coordination and deconfliction program.

2) Intelligence gathered from our title III warrants relating to shootings, homicides and heroin-involved death investigations will be relayed to the Cleveland Police Gang Impact Squad, Narcotics Unit, and Homicide Units as well as the appropriate regional, state and federal agencies. This information will aid these units and agencies in arresting violent criminals and will result in the successful prosecutions for these crimes. Also NOLETF will institute a new program with our partner agencies specifically to target violent gangs. We will utilize all of the above evidence-based techniques that we currently utilize to target DTO's. In 2018, NOLETF conducted Operation "Casa Limpia" which resulted in the federal indictment of (4) individuals for federal weapons charges. This organization was proved to have direct ties to the MS-13 street gang. During the course of this investigation over (50) firearms destined for the streets of Greater Cleveland were seized.

3) The NOLETF will also continue and expand its outreach to smaller agencies in Cuyahoga, Lake, Summit and Medina counties. The task force allows the region to operate more efficiently by sharing information and resources. Smaller jurisdictions simply do not have the manpower or technological resources to handle the large scale investigations necessary to dismantle large drug trafficking organizations. We will also increase the number of training programs we offer to detectives in smaller cities. This action plan will address all three of the problems identified above. It will reduce the number of DTOs and the number of violent crimes associated

**Project Description**

with the DTOs. And, by sharing resources and training, we will further aid each of the agencies that are facing budget deficits.

In order to ensure the NOLETF does not duplicate the efforts of other task forces, NOLETF communicates with the other task forces operating in Cuyahoga County. We all use the HIDTA de-confliction system. We have, on several occasions, assisted or collaborated on cases. Cuyahoga County is a heavily populated county with a population of over 1.2 million, consisting of 23 west suburbs and 35 east suburbs. We basically have an east side task force and a west side task force that handle issues specific to their areas. The NOLETF investigates the entire county and surrounding counties.

**Ohio Drug Law Enforcement Application 2020**

Organization: Cleveland Department of Public Safety

2020-DL-LEF-00037

**Sustainability/Accomplishments/Obstacles**

Please see the Request For Proposal (RFP) for this grant program for guidance on completing this section. The RFP can be found at [www.ocjs.ohio.gov](http://www.ocjs.ohio.gov)

**Sustainability:** The NOLETF is a long standing multi-agency task force comprised of investigators from local, state and federal agencies. Participating agencies contribute over \$1,500,000 annually in salaries for investigators. The U. S Attorney's Office provides office space and utilities at a value of over \$150,000 per year. Participating agencies intend to continue providing as much manpower and other support as possible in order to ensure the sustainability of this program. Additionally, we will continue to apply for grant funding from any possible sources.

**Accomplishments:** Since 2007 the NOLETF has:

- Opened over 58 OCDETF cases
- Completed over 85 TIII wiretap investigations. (The average wiretap investigation takes 6-12 months.)
- Dozens of search warrants and round ups resulting in hundreds of arrests.

**Obstacles:** One of the major obstacles facing the NOLETF is related to staffing. Investigators leave the task force to take new assignments in their home jurisdictions or when they are promoted to another position. Partner agencies often have a difficult time replacing these outgoing investigators due to manpower shortages. Other agencies assist by adding additional investigators when possible, but this will always be a challenge.

The COVID-19 pandemic has certainly been an obstacle in 2020 as the task force had to postpone some operations. We have made modifications as needed to ensure the safety of our staff and the community as we conduct investigations .

**Obstacles affecting the target population:** As the illegal drug landscape shifts and changes, the NOLETF modifies its tactics to respond to these changes. We continue to complete training and learn how to best respond to different drug trafficking organizations.

**Collaboration and community resources:** As mentioned, partner agencies contribute a significant amount of resources to the Task Force. They will continue to supply investigators to the task force. These investigators will continue to be trained on the best methods of investigating and dismantling drug trafficking organizations .

Project Objectives

Describe the outcomes or changes anticipated as a result of the proposed project. The achievement of the objectives should provide an outcome that reflects a measurable change for the target population due to the services offered by the program. Provide two objectives, with performance measures and baseline numbers that further the goal of the selected Program Area. Application will be evaluated on how effectively it:

- clearly identifies project objectives (measured change as a result of implementing the proposed project), performance measures (how you will measure that change, what instruments and/or tools are to be used, etc.), and any baseline data that exists. The project objectives should be logically and clearly linked to the identified problem and the proposed approach/response as discussed in the previous sections of the application. Performance indicators should be appropriate to the Objective and be a measure of success in accomplishing the Objective.

<b>EXAMPLE</b>	<b><u>OBJECTIVE</u></b>	<b><u>PERFORMANCE INDICATOR</u></b>	<b><u>BASELINE NUMBER</u></b>	<b><u>PERFORMANCE DATA COLLECTION</u></b>
	Measure of change that will result from the proposed project during project period.	Information collected to document expected changes.	Number documenting what occurred during the past year.	The method in which the data will be collected and the means by which it will be stored for later analysis.
<b>EXAMPLE: OBJECTIVE (Increase)</b>	Increase by 10 the number of crime prevention programs presented to residents in Cardinal County by December 31, 2012.	The number of crime prevention programs presented in Cardinal County.	Five crime prevention programs were presented to residents between January 1, 2011 and December 31, 2011.	Data on each crime prevention program (program description, program coordinator, target audience, date of program, number of attendees, etc.) will be documented by the program's coordinator as it occurs, and all programs will be captured in spreadsheet format so that calculations can be made across the programs for the grant period.
<b>EXAMPLE: OBJECTIVE (Decrease)</b>	Achieve a 25% reduction in recidivism among those successfully completing the program by December 31, 2012.	The numbers of new crimes or technical violations that program participants are charged with up to 12 months after discharge from the program.	20% reduction in recidivism as defined by new charges or technical violations was achieved between January 1, 2011 and December 31, 2011.	Program staff will receive a monthly report from the agency responsible for supervision documenting the number of new crimes or technical violations that participants are charged with. This information will be collected by program staff in a spreadsheet for ease of calculation for the grant period.
<b>EXAMPLE: OBJECTIVE (Maintain)</b>	Maintain the current level of client satisfaction with services being delivered between January 1, 2013 and December 31, 2013.	The level of client satisfaction as reported on the Client satisfaction survey administered upon termination from the program.	Participants reported a 95% satisfaction rate on delivered services between January 1, 2011 and December 31, 2011.	Program staff will distribute client satisfaction surveys to each program participant. Data will be collected from all returned surveys and these results will be entered into a spreadsheet for ease of calculation for the grant period.

Please see the Request For Proposal (RFP) for this grant program for guidance on completing this section. The RFP can be found at [www.ocjs.ohio.gov](http://www.ocjs.ohio.gov)

**Project Objectives**

**FIRST PROJECT OBJECTIVE**

**OBJECTIVE**

The NOLETF will maintain the number of heroin cases investigated during the grant period.

**PERFORMANCE INDICATOR**

The number of heroin cases investigated. A case is a wiretap worthy investigation. They are labor intensive, requiring multiple months to complete, involving multiple search warrants, target background investigation, ping orders and surveillance in order to identify the entire drug trafficking organization and dismantle as much of it as possible. They can take 2,000 - 4,000 man hours to complete.

**BASELINE NUMBER**

Three heroin cases were investigated in 2020.

**HOW WILL PERFORMANCE DATA BE COLLECTED?**

The OIC will maintain records of investigations. The OIC will forward this information to the Grants Coordinator quarterly.

**SECOND PROJECT OBJECTIVE**

**OBJECTIVE**

The NOLETF will maintain the number of cocaine cases investigated during the grant period

**PERFORMANCE INDICATOR**

The number of cocaine cases investigated. A case is a wiretap worthy investigation. They are labor intensive, requiring multiple months to complete, involving multiple search warrants, target background investigation, ping orders and surveillance in order to identify the entire drug trafficking organization and dismantle as much of it as possible. They can take 2,000 - 4,000 man hours to complete.

**BASELINE NUMBER**

Four cocaine cases were investigated in 2020.

**HOW WILL PERFORMANCE DATA BE COLLECTED?**

The OIC will maintain records of investigations. The OIC will forward this information to the Grants Coordinator quarterly.

Organization Capacity

Please see the Request For Proposal (RFP) for this grant program for guidance on completing this section. The RFP can be found at [www.ocjs.ohio.gov](http://www.ocjs.ohio.gov)

Cleveland Police is the lead law enforcement agency in Northern Ohio's largest city. They have effectively managed numerous comprehensive, grant-funded programs. They were the fiscal agent for the multi-agency, \$5 million Byrne TVCI grant that funded the start-up of the Northern Ohio Violence Crime Consortium program. They annually manage over 30 grants worth more than \$15 million. As with all grants managed by Cleveland, a separate sub-fund will be established for this grant so that all drawdown and expenditures can be tracked separately from any other funding sources.

The Northern Ohio Law Enforcement Task Force is a collaborative effort of local, state, and federal law enforcement. NOLETF is collocated in the offices of the Organized Crime Drug Enforcement Task Force of the United States Attorney for the Northern District of Ohio. NOLETF targets major drug trafficking organizations operating in the Greater Cleveland Area and employs a multitude of methods to dismantle DTOs including Title III electronic surveillance, conventional surveillance, use of informants, money laundering investigations, and highway interdiction.

The NOLETF partners with the Ohio State Highway Patrol and the Domestic Highway Enforcement program and has utilized DHE resources and contacts to effect arrests and seizures along the southwest border and traditional drug corridors. The Cleveland Division of Police along with the Federal Bureau of Investigation, are the lead agency for NOLETF. They have established strong partnerships with all of the agencies that form the task force. The Ohio HIDTA provides investigative support for both task forces in the form of phone number analysis (this is the genesis of wire taps), research on targets, addresses, and de-confliction. The NOLETF is comprised of TFOs from local police agencies and federal agencies. The FBI has 6 agents assigned full time to the NOLETF. The five Cleveland police officers assigned full-time to this project fall under the umbrella of the Cleveland Police Narcotics Unit. In addition to the Cleveland detectives assigned to federal task forces full time, the Narcotics Unit is comprised of 4 squads: Heroin Invest Team, Prescription Compliance Squad, Gang Impact Squad and Package Interdiction, all of which have contributed in some way to support the NOLETF.

Since 2007 the NOLETF has:

- Opened over 58 OCDETF cases
- Completed over 85 TIII wiretap investigations. (The average wiretap investigation takes 6-12 months.)
- Dozens of search warrants and round ups resulting in hundreds of arrests.

Cleveland Police Lieutenant Kevin Kincaid became Co-Commander of The NOLETF upon his promotion in June of 2019. Prior to his promotion, Lt. Kincaid was assigned as the Sergeant / Officer in Charge of the 5th District Vice Unit. As the OIC of the 5th District Vice Unit, Lt. Kincaid supervised, planned, and directly participated in operations and investigations involving drug traffickers and street level Drug Trafficking Organizations. Lt. Kincaid has successfully completed the DEA Narcotics Investigator Course and is a certified Gang Investigator Specialist through the Ohio Peace Officers Training Commission. He has attended numerous training and seminars related to Narcotics, Money Laundering, and Conspiracy Investigations. As a certified OPOTA Instructor, Lt. Kincaid has taught numerous courses as a guest instructor at the Cleveland Police Academy. Lt. Kincaid is a certified Supervisory Training Officer (STO / FTO) as well as a certified Hazardous Materials / Clandestine Laboratory Technician. Lt. Kincaid has successfully completed the International Association of Chiefs of Police "Leadership in Police Organizations" training program. Prior to becoming a Cleveland Police Officer, Lt. Kincaid served honorably in the United States Marine Corps and served as an Emergency Medical Technician for the City of Cleveland Division of EMS.

FBI Special Agent Todd DeKatch became Co-Commander of NOLETF in 2013. He was a Michigan State Trooper from 1995-1999. He became a Special Agent in 1999, Assigned to Cleveland Division's Akron Resident Agency till 2013. He served Temporary Duty Assignment as Supervisory Special Agent from 2009-2011 at FBIHQ Safe Streets and Gangs Unit. He is now the Supervisory Special Agent Squad 12/NOLETF.

Sgt. Joe Bovenzi is the Officer in Charge of the task force. Sgt. Bovenzi has been with the Cleveland Division of Police for 26 years. He was assigned as a Detective in the Second District Vice Unit for 10 years. He has been assigned to the Narcotics Unit for 10 years and has worked on the Major Case Squad and Package Interdiction Units. He was promoted to the rank of Sergeant in March of 2013 and has been assigned as the OIC of the Hotel Interdiction Unit since 2013. He has completed HIDTA's Drug Unit Task Force Commanders Training, and attended numerous classes pertaining to Drug and Financial Investigations.

**Organization Capacity**

**Collaboration Board**

Please see the Request For Proposal (RFP) for this grant program for guidance on completing this section. The RFP can be found at [www.ocjs.ohio.gov](http://www.ocjs.ohio.gov)

The Northern Ohio Law Enforcement Task Force Collaboration Board (Head of Agencies Board) consists of representatives from the following agencies:

Cleveland Division of Police  
United States Attorney's Office (Northern District of Ohio)  
Federal Bureau of Investigation  
Department of Homeland Security  
Internal Revenue Service  
US Customs and the Border Patrol  
Ohio Bureau of Criminal Investigation  
Ohio Adult Parole Authority  
Cuyahoga County Sheriff  
Cuyahoga County Prosecutor  
Cuyahoga Metropolitan Housing Authority Police  
Greater Cleveland Regional Transit Authority Police  
Bedford Police  
Lakewood Police  
Moreland Hills Police

NOLETF Head of Agency meetings are held quarterly. Attending these meetings are the police chiefs for all local departments providing personnel to the NOLETF, along with senior supervisory agents for all of the federal and regional law enforcement agencies providing personnel to the NOLETF. In addition, The chief of the Narcotics Unit for the U.S. Attorney's Office and a representative from the Cuyahoga County Prosecutor's Office attend the meetings. Minutes for all action taken at the Heads of Agency meeting are recorded. By having a Heads of Agency board fully engaged and supervising the NOLETF, in an era of dwindling financial dollars, achieving the state goals and objectives of the Task Force is insured or the participating departments and agencies would pull their resources.

Counties Served: NOLETF serves four counties: Cuyahoga, Summit, Lake and Medina. Although we serve Summit, Lake and Medina currently and will continue to, their sheriffs are being invited to sit on the collaboration board.

Population Served: NOLETF serves a population of 2,224,276

### Executive Summary

The Executive Summary serves as a concise and accurate description of the proposed project. Information in the Summary is forwarded to the Governor's Office and other local, state and federal agencies for public information requests. Summary information must be submitted in the space provided.

The purpose statement is a clear concise statement that explains the purpose of the project. It describes what the applicant is going to do; the population that is going to be served; how it will be accomplished; and why it is important.

### PURPOSE STATEMENT

The purpose of the Northern Ohio Law Enforcement Task Force is to bring together state, federal and local law enforcement agents and investigators in collocated space, adjacent to federal prosecutors, with close communication with local prosecutors to ensure that the most sophisticated investigative and prosecutorial resources are directed against organized drug trafficking groups. The collocation of the investigators fosters the development of intelligence in a timely fashion which helps to facilitate the utilization of the information and provides maximum flexibility in selecting the means most likely to result in the disruption or dismantling of organized criminal activity. Like most major metropolitan areas, Greater Cleveland experiences unacceptable narcotics-related violent crime including homicides, assaults, burglaries, and other related crimes. Experience has demonstrated that the challenges presented by the more sophisticated of these trafficking groups are beyond the capability of any one law enforcement agency. However, the coordinated approach made possible by the NOLETF (formerly known as the Caribbean Gang Task Force) allows for the full implementation of sophisticated investigative techniques and provides the resources necessary to respond to this challenge. Heroin has emerged to be the dominate drug preferred by drug traffickers. Methamphetamine abuse is increasing. Importation and sales of bulk marijuana remains high due to the relatively low penalties and high profit margins. Because of its strategic location, the Greater Cleveland area is increasingly identified as a transshipment point for narcotics, which reach other communities within Ohio. In addition, due to the legalization of marijuana in California, Colorado and Oregon, Greater Cleveland has seen an increase in the availability of marijuana in many different forms such as wax, edibles, oils and butters and capsules.

The task force targets organized gangs perpetrating these types of crimes and other entrenched sophisticated organized narcotics trafficking groups operating in the Greater Cleveland area; especially those organized drug gangs with a propensity for violence. Not surprisingly, law enforcement in the Cuyahoga County area continues to identify drug trafficking and its related violence as the major crime problem facing the community.

### PROBLEM STATEMENT

The greater Cleveland area has experienced unacceptable drug-related violent crime. An increase has been observed in the organized trafficking of heroin, cocaine, marijuana and non-traditional "club drugs". Experience has demonstrated that the challenges presented by sophisticated trafficking groups are beyond the capability of a law enforcement agency acting alone. However, the Northern Ohio Law Enforcement Task Force allows for the implementation of sophisticated investigative techniques, and provides the kind of resource necessary to respond to this challenge. The major issues the Northern Ohio Law Enforcement Task Force (NOLETF) faces are:

- 1) An increase in drug trafficking organizations.
- 2) An increase in associated drug and gang violence.
- 3) Budget cuts in police departments throughout the Cleveland metropolitan area

### PROJECT DESCRIPTION

The NOLETF is a multi-agency drug task force which brings together state, federal and local agents and investigators in co-located space, adjacent to federal prosecutors, to ensure that the most sophisticated investigative and prosecutorial resources are directed against organized drug trafficking groups. The co-location of the investigators fosters the development of intelligence in a timely fashion which helps to facilitate the use of the information and provides maximum flexibility in selecting the means most likely to result in the disruption or dismantling of organized criminal activity.

In order to impact the major issues facing the task force, the NOLETF will:

- 1) Continue to dismantle and disrupt drug trafficking organizations (DTOs) in 2021;

**Executive Summary**

- 2) Enforcement agencies to coordinate efforts to curtail drug related violence and target violent gangs ;
- 3) Continue to foster working relationships with smaller police departments in the metropolitan area by enlisting their participation in the Task Force or assisting with drug enforcement efforts on a case-by-case basis when the department cannot participate full-time in the task force, and increase training provided to these departments.

**PARTICIPATING AGENCIES / COLLABORATION**

The Northern Ohio Law Enforcement Task Force Collaboration Board (Head of Agencies Board) consists of representatives from the following agencies:

- Cleveland Division of Police
- United States Attorney's Office (Northern District of Ohio)
- Federal Bureau of Investigation
- Department of Homeland Security
- Internal Revenue Service
- US Customs and the Border Patrol
- Ohio Bureau of Criminal Investigation
- Ohio Adult Parole Authority
- Cuyahoga County Sheriff
- Cuyahoga County Prosecutor
- Cuyahoga Metropolitan Housing Authority Police
- Greater Cleveland Regional Transit Authority Police
- Bedford Police
- Lakewood Police
- Moreland Hills Police

**Consultants/Contracts**

Consultant and Contract rates cannot exceed \$81.25 per hour or \$650 per 8-hour day.

<b>Name</b>	<b>Hourly Fee</b>	<b>Hours</b>	<b>Total</b>
Cuyahoga County Sheriff	\$46.00	286	\$13,156.00
Lakewood Police	\$46.00	283	\$13,018.00
Moreland Hills Police	\$46.00	283	\$13,018.00
CMHA Police	\$46.00	283	\$13,018.00
RTA Police	\$46.00	283	\$13,018.00
Bedford Police	\$46.00	283	\$13,018.00
			\$0
			\$0
			\$0
			\$0
<b>Consultants/Contracts Total:</b>			<b>\$78,246.00</b>

Provide justification, method of procurement and basis of selection.

This represents a partial reimbursement of overtime incurred for investigators from separate county and local law enforcement agencies. These officers will be working on the program on a full-time basis. Their home agencies will pay their base salaries and benefits but will be reimbursed for a portion of their accrued overtime. The nature of the investigations worked by the Task Force is overtime intensive. Although we have taken steps to reduce overtime it remains a necessary expense. 25% of this expense will be the local match.

Travel

Mileage rate cannot exceed federal mileage rate.

		<b>Travel Total:</b>	<b>\$15,000.00</b>

Provide justification for travel (Costs must relate to the project staff & objectives).

Travel expenses are required for travel outside the Cleveland area by investigators, analysts or supervisors assigned to the Task Force for investigative or training purposes. The purpose of such trips would be training, interview witnesses, arrests, court appearances, lead follow up, etc... The training seminar funding will be used to send task force officers to classes that will increase their knowledge and skills in investigating these major cases.

The fuel expense is for the 20 vehicles that are assigned to the task force. The vehicles are used for traveling to investigation scenes (often out of town), meetings, and training.

Exact details are not available yet for training. Two potential training seminars to be considered are the International Narcotics Interdiction

Association Training (INIA) and the Domestic Highway Enforcement (DHE). The host cities for these seminars in 2021 are not established yet and are still pending. Attendance is dictated by a members availability, and pending case load of members

25% of this expense will be matching funds.

Equipment

If this page is not applicable, check this box and click **SAVE**.

Item(s) Being Purchased	Quantity	Unit Price	Total
Undercover Police Vehicle	1	\$30,000.00	\$30,000.00
Standard Police Vehicle Equipment Package	1	\$3,000.00	\$3,000.00
Computer Tablets (Ipad/Surface Pro/MacBook)	4	\$500.00	\$2,000.00
Covert Cameras/Recording Equipment	3	\$500.00	\$1,500.00
Wire Cell Phone	3	\$100.00	\$300.00
			\$0
			\$0
			\$0
			\$0
			\$0
			\$0
		<b>Equipment Total:</b>	<b>\$36,800.00</b>

Provide justification for the equipment requested.

The vehicle will be used in undercover operations and replace a vehicle that has reached its usable life span. The exact type of vehicle is to be determined. The procurement list of qualified vehicles changes on a yearly basis. It will be a type of vehicle that can be utilized as an undercover vehicle.

One standard police equipment kit will be purchased to outfit the vehicle. It comes in a kit that includes lights and sirens.

Computer tablets will replace ones that are past their useful life and are beginning to fail. Computer tablets to be considered are Ipads/Surface Pros/ MacBook Pros. Computers are selected based upon the members specific needs.

Covert cameras/recording equipment will be used to conduct undercover/covert operations. These units will replace outdated equipment, providing better technology and capabilities.

Wire cell phones will be used to conduct and monitor undercover/covert operations in real time. These phones will also be used by sources to make consensually recorded phone calls through investigators.

**Other Costs**

Audit costs are only supported for Non-Federal entities that expend \$750,000 or more in Federal funds in the organization's fiscal year and are required to arrange for a single organization-wide audit.

If this page is not applicable, check this box and click **SAVE**.

Other Charges	Cost	Terms	Total
Rent-Facilities			\$0
Cost of Ownership			\$0
Telephone	\$360.00	12	\$4,320.00
Utilities			\$0
Bookkeeping/Audit			\$0
Maintenance	\$3,000.00	1	\$3,000.00
Clerical			\$0
Auto Lease/ST Rental			\$0
Equipment Lease/ST Rental			\$0
Photocopying			\$0
Printing			\$0
Other (Specify) <u>GPS data fees and upgrade</u>	\$350.00	12	\$4,200.00
Other (Specify) <u>Callyo Mobile Software</u>	\$6,000.00	1	\$6,000.00
Other (Specify) <u>Professional Dues</u>	\$550.00	1	\$550.00
		<b>Other Costs Total:</b>	<b>\$18,070.00</b>

Provide justification for other costs; provide allocation methods where appropriate.

The telephone expense is the cost of Verizon data/service for Task Force devices.

Maintenance is for the Task Force vehicles.

Callyo Mobile Investigative Software is for undercover wire cell phones. It provides real time audio to monitor operations, along with secure evidence collection and management.

Data fees/upgrades for GPS units used to track covert vehicles.

Professional dues will be paid for membership in the Ohio Task Force Commanders Association .

25% of this category will be matching funds.

**Confidential Funds (Applies to Drug Task Force Projects Only)**

If this page is not applicable, check this box and click **SAVE**.

<b>Implementing Agency Confidential Funds</b>	<b>Total</b>
\$107,949.00	\$107,949.00
<b>Confidential Fund Total:</b>	<b>\$107,949.00</b>

Provide justification for Confidential Funds.

Confidential funds are necessary for payment to informants, purchase of evidence (i.e., buy money for controlled purchases of drugs), surveillance costs (hotel rooms for drug buys, rental of undercover vehicles, payments for pen registers, trap and traces), and other investigative costs.

25% of this category will be matching funds.

**Indirect Costs**

Indirect Costs may not be used for match.

Please list other Federal, State and Local funding sources received or projected to be received by your Agency in support of the proposed project. If funding is pending please state the projected award date.

Funding Source	Amount	Award Date	Projected Award Date (if applicable)

What other funding sources are received by your agency in support of your overall program?

Participating agencies contribute over \$1,500,000 per year in salaries for investigators. The U.S. Attorney' s office provides office space, utilities, etc at a value of more than \$150,000 per year. The City of Cleveland has provided matching funds for these grants when required. We receive approximately \$250,000 annually from the Ohio Drug Law Enforcement Grant. In 2017 we received a supplemental 2017 ODLEF grant in the amount of \$177,612.83. We have received approximately \$85,000 annually through Byrne JAG grants.

**Problem Statement**

Please see the Request For Proposal (RFP) for this grant program for guidance on completing this section. The RFP can be found at [www.ocjs.ohio.gov](http://www.ocjs.ohio.gov)

Greater Cleveland continues to experience unacceptable narcotics-related violent crime including homicides, assaults, burglaries, and other related crimes. Experience has demonstrated that the challenges presented by the more sophisticated of these trafficking groups are beyond the capability of any one law enforcement agency. However, the coordinated approach made possible by the Northern Ohio Law Enforcement Task Force (NOLETF) allows for the full implementation of sophisticated investigative techniques and provides the resources necessary to respond to this challenge.

Fentanyl and heroin remain the dominate drugs preferred by drug traffickers . And, we have also seen in increase in the amount of cocaine, which has been adulterated with fentanyl in the Greater Cleveland area. Importation and sales of bulk marijuana remains high due to the relatively low penalties and high profit margins. Because of its strategic location, the Greater Cleveland area is increasingly identified as a transshipment point for narcotics, which reach other communities within Ohio. In addition, due to the legalization of marijuana in California, Colorado and Oregon, Greater Cleveland has seen an increase in the availability of marijuana in many different forms such as wax, edibles, oils and butters and capsules.

The NOLETF continues to see an increase in methamphetamine use and sales within Cuyahoga County . The NOLETF has been successful in investigating and criminally charging several persons and DTO's for methamphetamine sales. The NOLETF will continue enforcement efforts to attempt to curb methamphetamine sales and use in the community .

In Cuyahoga County Opioid related overdose deaths continue to plague the community. According to the Cuyahoga County Medical Examiner's Office in 2019 there were 647 total overdose deaths in the county. That includes 448 Fentanyl related deaths, 223 Carfentanyl related deaths, 293 Cocaine related deaths, and 152 Heroin related deaths. Figures for 2020 are not yet available, but we are on pace to meet or exceed the 2019 totals.

The major issues facing the NOLETF are as follows:

1) An increase in drug trafficking organizations (DTOs). Cuyahoga County residents account for over 20% of the overall state jail population but only 10% of the general population. Over 30% of the residents of the City of Cleveland (10% of Cuyahoga County) live at or below the poverty line. Only 34% of Cleveland school children finish high school. 80% of crimes committed in the City of Cleveland are drug related. These facts, combined with a steady supply of cocaine and heroin across the Mexican border, create a high demand for narcotics. Cash strapped governments in metropolitan Cleveland have little or no funding for long-term drug investigations. The confidential funds provided by the grant will be spent on undercover drug buys, source payments for information, and miscellaneous expenses in the field. Without the confidential funds, the task force would be unable to obtain the probable cause required for federal title III electronic surveillance warrants which are the basis for our multi-state and multi-national drug conspiracy investigations as well as dangerous forms of Fentanyl being shipped from overseas. These title III warrants are the most efficient tool in DTO dismantlements.

2) An increase in associated gang and drug violence. Through 2020, the City of Cleveland experienced a significant increase in gun violence which in many cases often related to gang violence fueled by the drug trade. NOLETF needs more resources to target and investigate violent gangs.

3) Budget cuts have reduced the number of law enforcement officers employed by many police departments . The overall manpower of Cleveland Police remains considerably low. Individual agencies simply do not have the resources to investigate these major cases on their own. The member agencies of the NOLETF serve as a force-multiplier. NOLETF has assisted in countless investigations of home invasions, murders, felonious assaults by firearm, and lower-level drug conspiracies in the surrounding suburbs. The task force targets entrenched sophisticated organized narcotics trafficking groups operating in the Cleveland area; especially those organized drug gangs with a propensity for violence. Not surprisingly, law enforcement in the Cuyahoga County area continues to identify drug trafficking and its related violence as the major crime problem facing the community.

The short-term consequences of not funding the NOLETF include a reduction in the number of investigations we are able to conduct. If we are unable to fund additional overtime hours or provide important confidential funds and equipment for investigations, we will not

**Problem Statement**

be able to complete the complex investigations necessary to disrupt and dismantle these organizations.

The long term consequences are an increase in narcotics-related violent crime in the Greater Cleveland area. If we are unable to complete multiple long-term investigations, the DTOs and gangs will continue to grow and contribute to violent crime .

The target population includes residents of Cuyahoga County, however, most of the activity is concentrated in the City of Cleveland. Cleveland is one of the country's poorest cities , with 34 percent living below the poverty level.

The City of Cleveland has struggled with sustained levels of violent crime well above the national average. Cleveland's violent crime rate far exceeds the national average per 100,000. For example, Cleveland's homicide rate per 100,000 is 33.72. The national average is 5.3. Cleveland is 6th in the nation for rape, 2nd for robbery, 23rd for aggravated assaults, and 7th in the nation for total violent crimes.

**Project Description**

Please see the Request For Proposal (RFP) for this grant program for guidance on completing this section. The RFP can be found at [www.ocjs.ohio.gov](http://www.ocjs.ohio.gov)

1) The NOLETF will continue its mission to dismantle DTO's in 2021, NOLETF brings together state, federal, and local agents and investigators in collocated space, adjacent to federal prosecutors, with close communication with local prosecutors to ensure that the most sophisticated investigative and prosecutorial resources are directed against organized drug trafficking groups. The collocation of the investigators fosters the development of intelligence in a timely fashion which helps to facilitate the utilization of the information and provides maximum flexibility in selecting the means most likely to result in the disruption or dismantling of organized criminal activity. Among the evidence-based investigative tools used by the NOLETF are the following:

- Intelligence Gathering
- Search Warrants
- Cultivating Information Sources
- Arrests
- Surveillance
- Interviews of Sources/Witnesses
- Debriefing of Defendants
- Testimony in Grand Jury, Trials, Court
- Evidence Gathering
- Financial Investigations
- Federal Title III Warrants
- Seizure of evidence, drugs, weapons, assets
- Undercover Operations
- State/Federal Indictment, Prosecutions, Trials

Court authorized electronic surveillance, one of the most effective and sophisticated investigative tools available, is a frequently used investigative technique. It should be noted that the NOLETF in conjunction with the FBI-Cleveland the US Attorney's Office, is consistently one of the leading narcotics investigations unit in the country utilizing the federal wiretap law according to former FBI Director James Comey. The variety of law enforcement agencies making up the NOLETF provides access to critical national intelligence which is used in local investigations and has promoted the NOLETF's participation in several national project investigations which substantially impact organizations that are shipping large quantities of controlled substances into the area. In 2019, Operation "Adios Narcos" indicted 18 individuals in four states, three Mexican nationals, seized 22 kilos of Cocaine, and half a million dollars. This was a long-term wiretap investigation. In 2020, we conducted "Southbound and Down," an investigation into an international cocaine trafficking DTO that will result in federal indictments of over 20 suspects throughout the United States and Puerto Rico.

The NOLETF is also an initiative within the Ohio High Intensity Drug Trafficking Area (HIDTA). As such, the NOLETF participates in the Ohio HIDTA intelligence gathering, coordination and deconfliction program.

2) Intelligence gathered from our title III warrants relating to shootings, homicides and heroin-involved death investigations will be relayed to the Cleveland Police Gang Impact Squad, Narcotics Unit, and Homicide Units as well as the appropriate regional, state and federal agencies. This information will aid these units and agencies in arresting violent criminals and will result in the successful prosecutions for these crimes. Also NOLETF will institute a new program with our partner agencies specifically to target violent gangs. We will utilize all of the above evidence-based techniques that we currently utilize to target DTO's. In 2018, NOLETF conducted Operation "Casa Limpia" which resulted in the federal indictment of (4) individuals for federal weapons charges. This organization was proved to have direct ties to the MS-13 street gang. During the course of this investigation over (50) firearms destined for the streets of Greater Cleveland were seized.

3) The NOLETF will also continue and expand its outreach to smaller agencies in Cuyahoga, Lake, Summit and Medina counties. The task force allows the region to operate more efficiently by sharing information and resources. Smaller jurisdictions simply do not have the manpower or technological resources to handle the large scale investigations necessary to dismantle large drug trafficking organizations. We will also increase the number of training programs we offer to detectives in smaller cities. This action plan will address all three of the problems identified above. It will reduce the number of DTOs and the number of violent crimes associated

**Project Description**

with the DTOs. And, by sharing resources and training, we will further aid each of the agencies that are facing budget deficits.

In order to ensure the NOLETF does not duplicate the efforts of other task forces, NOLETF communicates with the other task forces operating in Cuyahoga County. We all use the HIDTA de-confliction system. We have, on several occasions, assisted or collaborated on cases. Cuyahoga County is a heavily populated county with a population of over 1.2 million, consisting of 23 west suburbs and 35 east suburbs. We basically have an east side task force and a west side task force that handle issues specific to their areas. The NOLETF investigates the entire county and surrounding counties.

**Sustainability/Accomplishments/Obstacles**

Please see the Request For Proposal (RFP) for this grant program for guidance on completing this section. The RFP can be found at [www.ocjs.ohio.gov](http://www.ocjs.ohio.gov)

**Sustainability:** The NOLETF is a long standing multi-agency task force comprised of investigators from local, state and federal agencies. Participating agencies contribute over \$1,500,000 annually in salaries for investigators. The U. S Attorney's Office provides office space and utilities at a value of over \$150,000 per year. Participating agencies intend to continue providing as much manpower and other support as possible in order to ensure the sustainability of this program. Additionally, we will continue to apply for grant funding from any possible sources.

**Accomplishments:** Since 2007 the NOLETF has:

- Opened over 58 OCDETF cases
- Completed over 85 TIII wiretap investigations. (The average wiretap investigation takes 6-12 months.)
- Dozens of search warrants and round ups resulting in hundreds of arrests.

**Obstacles:** One of the major obstacles facing the NOLETF is related to staffing . Investigators leave the task force to take new assignments in their home jurisdictions or when they are promoted to another position. Partner agencies often have a difficult time replacing these outgoing investigators due to manpower shortages. Other agencies assist by adding additional investigators when possible, but this will always be a challenge.

The COVID-19 pandemic has certainly been an obstacle in 2020 as the task force had to postpone some operations. We have made modifications as needed to ensure the safety of our staff and the community as we conduct investigations .

**Obstacles affecting the target population:** As the illegal drug landscape shifts and changes, the NOLETF modifies its tactics to respond to these changes. We continue to complete training and learn how to best respond to different drug trafficking organizations.

**Collaboration and community resources:** As mentioned, partner agencies contribute a significant amount of resources to the Task Force. They will continue to supply investigators to the task force. These investigators will continue to be trained on the best methods of investigating and dismantling drug trafficking organizations .

**Project Objectives**

Describe the outcomes or changes anticipated as a result of the proposed project. The achievement of the objectives should provide an outcome that reflects a measurable change for the target population due to the services offered by the program. Provide two objectives, with performance measures and baseline numbers that further the goal of the selected Program Area. Application will be evaluated on how effectively it:

- clearly identifies project objectives (measured change as a result of implementing the proposed project), performance measures (how you will measure that change, what instruments and/or tools are to be used, etc.), and any baseline data that exists. The project objectives should be logically and clearly linked to the identified problem and the proposed approach/response as discussed in the previous sections of the application. Performance indicators should be appropriate to the Objective and be a measure of success in accomplishing the Objective.

<b>EXAMPLE</b>	<b><u>OBJECTIVE</u></b>	<b><u>PERFORMANCE INDICATOR</u></b>	<b><u>BASELINE NUMBER</u></b>	<b><u>PERFORMANCE DATA COLLECTION</u></b>
	Measure of change that will result from the proposed project during project period.	Information collected to document expected changes.	Number documenting what occurred during the past year.	The method in which the data will be collected and the means by which it will be stored for later analysis.
<b>EXAMPLE: OBJECTIVE (Increase)</b>	Increase by 10 the number of crime prevention programs presented to residents in Cardinal County by December 31, 2012.	The number of crime prevention programs presented in Cardinal County.	Five crime prevention programs were presented to residents between January 1, 2011 and December 31, 2011.	Data on each crime prevention program (program description, program coordinator, target audience, date of program, number of attendees, etc.) will be documented by the program's coordinator as it occurs, and all programs will be captured in spreadsheet format so that calculations can be made across the programs for the grant period.
<b>EXAMPLE: OBJECTIVE (Decrease)</b>	Achieve a 25% reduction in recidivism among those successfully completing the program by December 31, 2012.	The numbers of new crimes or technical violations that program participants are charged with up to 12 months after discharge from the program.	20% reduction in recidivism as defined by new charges or technical violations was achieved between January 1, 2011 and December 31, 2011.	Program staff will receive a monthly report from the agency responsible for supervision documenting the number of new crimes or technical violations that participants are charged with. This information will be collected by program staff in a spreadsheet for ease of calculation for the grant period.
<b>EXAMPLE: OBJECTIVE (Maintain)</b>	Maintain the current level of client satisfaction with services being delivered between January 1, 2013 and December 31, 2013.	The level of client satisfaction as reported on the Client satisfaction survey administered upon termination from the program.	Participants reported a 95% satisfaction rate on delivered services between January 1, 2011 and December 31, 2011.	Program staff will distribute client satisfaction surveys to each program participant. Data will be collected from all returned surveys and these results will be entered into a spreadsheet for ease of calculation for the grant period.

Please see the Request For Proposal (RFP) for this grant program for guidance on completing this section. The RFP can be found at [www.ocjs.ohio.gov](http://www.ocjs.ohio.gov)

**Project Objectives****FIRST PROJECT OBJECTIVE****OBJECTIVE**

The NOLETF will maintain the number of heroin cases investigated during the grant period.

**PERFORMANCE INDICATOR**

The number of heroin cases investigated. A case is a wiretap worthy investigation. They are labor intensive, requiring multiple months to complete, involving multiple search warrants, target background investigation, ping orders and surveillance in order to identify the entire drug trafficking organization and dismantle as much of it as possible. They can take 2,000 - 4,000 man hours to complete.

**BASELINE NUMBER**

Three heroin cases were investigated in 2020.

**HOW WILL PERFORMANCE DATA BE COLLECTED?**

The OIC will maintain records of investigations. The OIC will forward this information to the Grants Coordinator quarterly.

**SECOND PROJECT OBJECTIVE****OBJECTIVE**

The NOLETF will maintain the number of cocaine cases investigated during the grant period

**PERFORMANCE INDICATOR**

The number of cocaine cases investigated. A case is a wiretap worthy investigation. They are labor intensive, requiring multiple months to complete, involving multiple search warrants, target background investigation, ping orders and surveillance in order to identify the entire drug trafficking organization and dismantle as much of it as possible. They can take 2,000 - 4,000 man hours to complete.

**BASELINE NUMBER**

Four cocaine cases were investigated in 2020.

**HOW WILL PERFORMANCE DATA BE COLLECTED?**

The OIC will maintain records of investigations. The OIC will forward this information to the Grants Coordinator quarterly.

**Organization Capacity**

Please see the Request For Proposal (RFP) for this grant program for guidance on completing this section. The RFP can be found at [www.ocjs.ohio.gov](http://www.ocjs.ohio.gov)

Cleveland Police is the lead law enforcement agency in Northern Ohio's largest city. They have effectively managed numerous comprehensive, grant-funded programs. They were the fiscal agent for the multi-agency, \$5 million Byrne TVCI grant that funded the start-up of the Northern Ohio Violence Crime Consortium program. They annually manage over 30 grants worth more than \$15 million. As with all grants managed by Cleveland, a separate sub-fund will be established for this grant so that all drawdown and expenditures can be tracked separately from any other funding sources.

The Northern Ohio Law Enforcement Task Force is a collaborative effort of local, state, and federal law enforcement. NOLETF is collocated in the offices of the Organized Crime Drug Enforcement Task Force of the United States Attorney for the Northern District of Ohio. NOLETF targets major drug trafficking organizations operating in the Greater Cleveland Area and employs a multitude of methods to dismantle DTOs including Title III electronic surveillance, conventional surveillance, use of informants, money laundering investigations, and highway interdiction.

The NOLETF partners with the Ohio State Highway Patrol and the Domestic Highway Enforcement program and has utilized DHE resources and contacts to effect arrests and seizures along the southwest border and traditional drug corridors. The Cleveland Division of Police along with the Federal Bureau of Investigation, are the lead agency for NOLETF. They have established strong partnerships with all of the agencies that form the task force. The Ohio HIDTA provides investigative support for both task forces in the form of phone number analysis (this is the genesis of wire taps), research on targets, addresses, and de-confliction. The NOLETF is comprised of TFOs from local police agencies and federal agencies. The FBI has 6 agents assigned full time to the NOLETF. The five Cleveland police officers assigned full-time to this project fall under the umbrella of the Cleveland Police Narcotics Unit. In addition to the Cleveland detectives assigned to federal task forces full time, the Narcotics Unit is comprised of 4 squads: Heroin Invest Team, Prescription Compliance Squad, Gang Impact Squad and Package Interdiction, all of which have contributed in some way to support the NOLETF.

Since 2007 the NOLETF has:

- Opened over 58 OCDETF cases
- Completed over 85 TIII wiretap investigations. (The average wiretap investigation takes 6-12 months.)
- Dozens of search warrants and round ups resulting in hundreds of arrests.

Cleveland Police Lieutenant Kevin Kincaid became Co-Commander of The NOLETF upon his promotion in June of 2019. Prior to his promotion, Lt. Kincaid was assigned as the Sergeant / Officer in Charge of the 5th District Vice Unit. As the OIC of the 5th District Vice Unit, Lt. Kincaid supervised, planned, and directly participated in operations and investigations involving drug traffickers and street level Drug Trafficking Organizations. Lt. Kincaid has successfully completed the DEA Narcotics Investigator Course and is a certified Gang Investigator Specialist through the Ohio Peace Officers Training Commission. He has attended numerous training and seminars related to Narcotics, Money Laundering, and Conspiracy Investigations. As a certified OPOTA Instructor, Lt. Kincaid has taught numerous courses as a guest instructor at the Cleveland Police Academy. Lt. Kincaid is a certified Supervisory Training Officer (STO / FTO) as well as a certified Hazardous Materials / Clandestine Laboratory Technician. Lt. Kincaid has successfully completed the International Association of Chiefs of Police "Leadership in Police Organizations" training program. Prior to becoming a Cleveland Police Officer, Lt. Kincaid served honorably in the United States Marine Corps and served as an Emergency Medical Technician for the City of Cleveland Division of EMS.

FBI Special Agent Todd DeKatch became Co-Commander of NOLETF in 2013. He was a Michigan State Trooper from 1995-1999. He became a Special Agent in 1999, Assigned to Cleveland Division's Akron Resident Agency till 2013. He served Temporary Duty Assignment as Supervisory Special Agent from 2009-2011 at FBIHQ Safe Streets and Gangs Unit. He is now the Supervisory Special Agent Squad 12/NOLETF.

Sgt. Joe Bovenzi is the Officer in Charge of the task force. Sgt. Bovenzi has been with the Cleveland Division of Police for 26 years. He was assigned as a Detective in the Second District Vice Unit for 10 years. He has been assigned to the Narcotics Unit for 10 years and has worked on the Major Case Squad and Package Interdiction Units. He was promoted to the rank of Sergeant in March of 2013 and has been assigned as the OIC of the Hotel Interdiction Unit since 2013. He has completed HIDTA's Drug Unit Task Force Commanders Training, and attended numerous classes pertaining to Drug and Financial Investigations.

**Organization Capacity**

**Collaboration Board**

Please see the Request For Proposal (RFP) for this grant program for guidance on completing this section. The RFP can be found at [www.ocjs.ohio.gov](http://www.ocjs.ohio.gov)

The Northern Ohio Law Enforcement Task Force Collaboration Board (Head of Agencies Board) consists of representatives from the following agencies:

Cleveland Division of Police  
 United States Attorney's Office (Northern District of Ohio)  
 Federal Bureau of Investigation  
 Department of Homeland Security  
 Internal Revenue Service  
 US Customs and the Border Patrol

 Moreland Hills Police

NOLETF Head of Agency meetings are held quarterly. Attending these meetings are the police chiefs for all local departments providing personnel to the NOLETF, along with senior supervisory agents for all of the federal and regional law enforcement agencies providing personnel to the NOLETF. In addition, The chief of the Narcotics Unit for the U.S. Attorney's Office and a representative from the Cuyahoga County Prosecutor's Office attend the meetings. Minutes for all action taken at the Heads of Agency meeting are recorded. By having a Heads of Agency board fully engaged and supervising the NOLETF, in an era of dwindling financial dollars, achieving the state goals and objectives of the Task Force is insured or the participating departments and agencies would pull their resources.

Counties Served: NOLETF serves four counties: Cuyahoga, Summit, Lake and Medina. Although we serve Summit, Lake and Medina currently and will continue to, their sheriffs are being invited to sit on the collaboration board.

Population Served: NOLETF serves a population of 2,224,276

**Executive Summary**

The Executive Summary serves as a concise and accurate description of the proposed project. Information in the Summary is forwarded to the Governor's Office and other local, state and federal agencies for public information requests. Summary information must be submitted in the space provided.

The purpose statement is a clear concise statement that explains the purpose of the project. It describes what the applicant is going to do; the population that is going to be served; how it will be accomplished; and why it is important.

**PURPOSE STATEMENT**

The purpose of the Northern Ohio Law Enforcement Task Force is to bring together state, federal and local law enforcement agents and investigators in collocated space, adjacent to federal prosecutors, with close communication with local prosecutors to ensure that the most sophisticated investigative and prosecutorial resources are directed against organized drug trafficking groups. The collocation of the investigators fosters the development of intelligence in a timely fashion which helps to facilitate the utilization of the information and provides maximum flexibility in selecting the means most likely to result in the disruption or dismantling of organized criminal activity. Like most major metropolitan areas, Greater Cleveland experiences unacceptable narcotics-related violent crime including homicides, assaults, burglaries, and other related crimes. Experience has demonstrated that the challenges presented by the more sophisticated of these trafficking groups are beyond the capability of any one law enforcement agency. However, the coordinated approach made possible by the NOLETF (formerly known as the Caribbean Gang Task Force) allows for the full implementation of sophisticated investigative techniques and provides the resources necessary to respond to this challenge. Heroin has emerged to be the dominate drug preferred by drug traffickers. Methamphetamine abuse is increasing. Importation and sales of bulk marijuana remains high due to the relatively low penalties and high profit margins. Because of its strategic location, the Greater Cleveland area is increasingly identified as a transshipment point for narcotics, which reach other communities within Ohio. In addition, due to the legalization of marijuana in California, Colorado and Oregon, Greater Cleveland has seen an increase in the availability of marijuana in many different forms such as wax, edibles, oils and butters and capsules.

The task force targets organized gangs perpetrating these types of crimes and other entrenched sophisticated organized narcotics trafficking groups operating in the Greater Cleveland area; especially those organized drug gangs with a propensity for violence. Not surprisingly, law enforcement in the Cuyahoga County area continues to identify drug trafficking and its related violence as the major crime problem facing the community.

**PROBLEM STATEMENT**

The greater Cleveland area has experienced unacceptable drug-related violent crime. An increase has been observed in the organized trafficking of heroin, cocaine, marijuana and non-traditional "club drugs". Experience has demonstrated that the challenges presented by sophisticated trafficking groups are beyond the capability of a law enforcement agency acting alone. However, the Northern Ohio Law Enforcement Task Force allows for the implementation of sophisticated investigative techniques, and provides the kind of resource necessary to respond to this challenge. The major issues the Northern Ohio Law Enforcement Task Force (NOLETF) faces are:

- 1) An increase in drug trafficking organizations.
- 2) An increase in associated drug and gang violence.
- 3) Budget cuts in police departments throughout the Cleveland metropolitan area

**PROJECT DESCRIPTION**

The NOLETF is a multi-agency drug task force which brings together state, federal and local agents and investigators in co-located space, adjacent to federal prosecutors, to ensure that the most sophisticated investigative and prosecutorial resources are directed against organized drug trafficking groups. The co-location of the investigators fosters the development of intelligence in a timely fashion which helps to facilitate the use of the information and provides maximum flexibility in selecting the means most likely to result in the disruption or dismantling of organized criminal activity.

In order to impact the major issues facing the task force, the NOLETF will:

- 1) Continue to dismantle and disrupt drug trafficking organizations (DTOs) in 2021;

**Executive Summary**

- 2) Enforcement agencies to coordinate efforts to curtail drug related violence and target violent gangs ;
- 3) Continue to foster working relationships with smaller police departments in the metropolitan area by enlisting their participation in the Task Force or assisting with drug enforcement efforts on a case-by-case basis when the department cannot participate full-time in the task force, and increase training provided to these departments.

**PARTICIPATING AGENCIES / COLLABORATION**

The Northern Ohio Law Enforcement Task Force Collaboration Board (Head of Agencies Board) consists of representatives from the following agencies:

- Cleveland Division of Police
- United States Attorney's Office (Northern District of Ohio)
- Federal Bureau of Investigation
- Department of Homeland Security
- Internal Revenue Service
- US Customs and the Border Patrol
- Ohio Bureau of Criminal Investigation
- Ohio Adult Parole Authority
- Cuyahoga County Sheriff
- Cuyahoga County Prosecutor
- Cuyahoga Metropolitan Housing Authority Police
- Greater Cleveland Regional Transit Authority Police
- Bedford Police
- Lakewood Police
- Moreland Hills Police

**Personnel Costs**

Please provide actual hourly rates and actual number of hours devoted to the grant program.

**Salaries and Personnel:**

Name/ Vacant	Title	No. Hrs.	Hrly Rate	Total
Overtime	Detectives	1658	\$46.00	\$76,268.00
				\$0
				\$0
				\$0
				\$0
				\$0
				\$0
				\$0
				\$0
				\$0

**Salary Subtotal: \$76,268.00**

**Employer's Share of Fringe Benefits:**

Fringe Benefits	Rate (%)	Total Yearly Wages	Total Cost
PERS (government agencies)	%		\$0
FICA (private agencies)	%		\$0
Retirement (private agencies)	%		\$0
Worker's Compensation	%		\$0
Unemployment Comp. (max 2.00% on the first \$9,500)	%		\$0
Medicare	%		\$0
Health Insurance			

*Fill in the formula: \$ (Monthly Rate) x (# Months) x (FTE)* \$0

**Fringe Subtotal: \$0**

**Personnel Total: \$76,268.00**

Provide justification for each position; list job duties.

This represents a partial reimbursement of overtime incurred for investigators from the Cleveland Division of Police. These officers will be working on the program full-time. Benefits will be paid by the city of Cleveland. The nature of the investigations worked by the Task Force is overtime intensive. 25% of this expense will be matching funds.

**Consultants/Contracts**

Consultant and Contract rates cannot exceed \$81.25 per hour or \$650 per 8-hour day.

<b>Name</b>	<b>Hourly Fee</b>	<b>Hours</b>	<b>Total</b>
Cuyahoga County Sheriff	\$46.00	286	\$13,156.00
Lakewood Police	\$46.00	283	\$13,018.00
Moreland Hills Police	\$46.00	283	\$13,018.00
CMHA Police	\$46.00	283	\$13,018.00
RTA Police	\$46.00	283	\$13,018.00
Bedford Police	\$46.00	283	\$13,018.00
			\$0
			\$0
			\$0
			\$0
<b>Consultants/Contracts Total:</b>			<b>\$78,246.00</b>

Provide justification, method of procurement and basis of selection.

This represents a partial reimbursement of overtime incurred for investigators from separate county and local law enforcement agencies. These officers will be working on the program on a full-time basis. Their home agencies will pay their base salaries and benefits but will be reimbursed for a portion of their accrued overtime. The nature of the investigations worked by the Task Force is overtime intensive. Although we have taken steps to reduce overtime it remains a necessary expense. 25% of this expense will be the local match.

**Travel**

Mileage rate cannot exceed federal mileage rate.

If this page is not applicable, check this box and click **SAVE**.

<b>A. Auto</b>	<b>No. Miles</b>	<b>Per Mile</b>	<b>Total</b>
			\$0
			\$0

  

<b>B. Commercial</b>	<b>Destination</b>	<b>Fare</b>	<b>Total</b>
Airfare	Various	\$3,040.00	\$3,040.00
			\$0

  

<b>C. Per Diem: (Meal &amp; Lodging Only)</b>	<b>No. of days</b>	<b>Rate</b>	<b>Total</b>
Lodging	30	\$156.00	\$4,680.00
Meals	30	\$56.00	\$1,680.00

  

<b>D. Other: (Specify)</b>	<b>No. Items</b>	<b>Rate</b>	<b>Total</b>
Training Seminars	10	\$500.00	\$5,000.00
Fuel for NOLETF Vehicles	1	\$600.00	\$600.00
<b>Travel Total:</b>			<b>\$15,000.00</b>

Provide justification for travel (Costs must relate to the project staff & objectives).

Travel expenses are required for travel outside the Cleveland area by investigators, analysts or supervisors assigned to the Task Force for investigative or training purposes. The purpose of such trips would be training, interview witnesses, arrests, court appearances, lead follow up, etc... The training seminar funding will be used to send task force officers to classes that will increase their knowledge and skills in investigating these major cases.

The fuel expense is for the 20 vehicles that are assigned to the task force. The vehicles are used for traveling to investigation scenes (often out of town), meetings, and training.

Exact details are not available yet for training. Two potential training seminars to be considered are the International Narcotics Interdiction

Association Training (INIA) and the Domestic Highway Enforcement (DHE). The host cities for these seminars in 2021 are not established yet and are still pending. Attendance is dictated by a members availability, and pending case load of members

25% of this expense will be matching funds.

**Supplies**

If this page is not applicable, check this box and click **SAVE**.

List of Items to be Purchased	Quantity	Unit Price	Total
Office supplies	1	\$1,000.00	\$1,000.00
			\$0
			\$0
			\$0
			\$0
			\$0
			\$0
			\$0
			\$0
			\$0
			\$0
			\$0
			\$0
			<b>\$1,000.00</b>

Provide justification for the supplies; provide allocation method.

Office supplies are needed such as batteries, film, tapes, printer cartridges, paper, etc... The task force will be moving to a new building which will increase the need for supplies (some office supplies are currently provided by the US Attorney 's Office where the task force is now located).

25% of this category will be matching funds.

**Other Costs**

Audit costs are only supported for Non-Federal entities that expend \$750,000 or more in Federal funds in the organization's fiscal year and are required to arrange for a single organization-wide audit.

If this page is not applicable, check this box and click **SAVE**.

<b>Other Charges</b>	<b>Cost</b>	<b>Terms</b>	<b>Total</b>
Rent-Facilities			\$0
Cost of Ownership			\$0
Telephone	\$360.00	12	\$4,320.00
Utilities			\$0
Bookkeeping/Audit			\$0
Maintenance	\$3,000.00	1	\$3,000.00
Clerical			\$0
Auto Lease/ST Rental			\$0
Equipment Lease/ST Rental			\$0
Photocopying			\$0
Printing			\$0
Other (Specify) <u>GPS data fees and upgrade</u>	\$350.00	12	\$4,200.00
Other (Specify) <u>Callyo Mobile Software</u>	\$6,000.00	1	\$6,000.00
Other (Specify) <u>Professional Dues</u>	\$550.00	1	\$550.00
		<b>Other Costs Total:</b>	<b>\$18,070.00</b>

Provide justification for other costs; provide allocation methods where appropriate.

The telephone expense is the cost of Verizon data/service for Task Force devices.

Maintenance is for the Task Force vehicles.

Callyo Mobile Investigative Software is for undercover wire cell phones. It provides real time audio to monitor operations, along with secure evidence collection and management.

Data fees/upgrades for GPS units used to track covert vehicles.

Professional dues will be paid for membership in the Ohio Task Force Commanders Association .

25% of this category will be matching funds.

**Confidential Funds (Applies to Drug Task Force Projects Only)**

If this page is not applicable, check this box and click **SAVE**.

<b>Implementing Agency Confidential Funds</b>	<b>Total</b>
\$107,949.00	\$107,949.00
<b>Confidential Fund Total:</b>	<b>\$107,949.00</b>

Provide justification for Confidential Funds.

Confidential funds are necessary for payment to informants, purchase of evidence (i.e., buy money for controlled purchases of drugs), surveillance costs (hotel rooms for drug buys, rental of undercover vehicles, payments for pen registers, trap and traces), and other investigative costs.

25% of this category will be matching funds.

**Indirect Costs**

Indirect Costs may not be used for match.

Identify the Source of Match: City of Cleveland General Fund

Please list other Federal, State and Local funding sources received or projected to be received by your Agency in support of the proposed project. If funding is pending please state the projected award date.

Funding Source	Amount	Award Date	Projected Award Date (if applicable)

What other funding sources are received by your agency in support of your overall program?

Participating agencies contribute over \$1,500,000 per year in salaries for investigators. The U.S. Attorney' s office provides office space, utilities, etc at a value of more than \$150,000 per year. The City of Cleveland has provided matching funds for these grants when required. We receive approximately \$250,000 annually from the Ohio Drug Law Enforcement Grant. In 2017 we received a supplemental 2017 ODLEF grant in the amount of \$177,612.83. We have received approximately \$85,000 annually through Byrne JAG grants.
