# Resolution appointing an assessment equalization board for the Gordon Square Arts District - Cleveland Improvement Corporation

# **City Planning Commission**

Ord. No. 850-2025

## Request for Legislation—FOR PASSAGE

#### Summary

This legislation is the second required Council action in the process of creating a new special improvement district in the City by the Gordon Square Arts District - Cleveland Improvement Corporation. The legislation will name appointed members of the Assessment Equalization Board (AEB) and declare the date(s) and time(s) of the AEB hearing, at which time affected property owners may object to the estimated assessments and/or the initial plan for district public services.

#### Background

The Gordon Square Arts District-Cleveland Improvement Corporation was formed in 2010 to provide enhanced services including beautification & maintenance, hospitality & safety, events & marketing, administration & finance. It has been renewed two times since then. This is the third renewal for a term of five years and encompasses 4,121.33 feet of property frontage and 55 parcels.

Improvement districts are created when 60% or more of property owners in a designated district elect to assess fees on themselves for services by signing petitions. These fees are incorporated as part of the Cuyahoga County property tax bill.

#### Details

On June 2, City Council passed Ord. 669-2025 to approve the creation of the Gordon Square Arts District-Cleveland Improvement Corporation, accept petitions from owners of properties in the District, approve a new plan for public services, and authorize the assessment of the cost of public services upon benefitting properties in the District. The Assessment Equalization Board meeting is the next legislative step in the Special Improvement District creation process, providing due process to impacted property owners who may wish to raise objections to the estimated assessment on their property due to the creation of the Special Improvement District.
