

**LEGISLATIVE SUMMARY**  
**Mayor's Office of Capital Projects**  
**Division of Engineering and Construction**

**Tremont West Development Corporation**  
**Encroachment within the Tremont Neighborhood**

Ordinance Number: 557-2020

Description: Authorizing the Director of Capital Projects to issue a permit to Tremont West Development Corporation to encroach into the public right-of-way within the Tremont neighborhood by installing, using, and maintaining 22 bicycle racks.

Purpose Tremont West was awarded a grant from Tremont Trek to purchase and install ten bike racks along Professor Avenue. With feedback from residents and business owners, we selected the locations to install the bike racks. In 2014, a Temporary Occupancy Permit for Streetscape Amenities Use permit was accepted for Tremont West to install six bike racks in Tremont. The feedback since the installation of those six bike racks from the residents is they would like to see additional bike racks installed throughout the neighborhood (ex. Scranton Road and West 14th). Additionally, Tremont West completed the Towpath Integration Plan, preparing the neighborhood for the completion of the Towpath Trail.

A consent form acknowledging approval of this request will be forthcoming from the Council Member

Ward: Ward 3, Council Member Kerry P. McCormack
