

Executive Summary
Purchase of Air Monitoring Equipment

Background/Purpose:

Authorizing the Director of Public Health to amend Ordinance No. 549-2023, passed May 22, 2023, by adding new Section 5a relating to authorizing a sole source contract with Teledyne API for the purchase of air monitoring equipment not to exceed \$260,000 as required by the Ohio Environmental Protection Agency Division of Air Quality operational grant. The sole source vendor is Teledyne API.

USEPA has approved money be spent on specific approved Air Monitoring Equipment.

The equipment that will be purchased will be used to support the established Ohio EPA Air Monitoring Network in Cuyahoga County operated by the Cleveland Division of Air Quality staff.

Contract amount: Not to exceed \$260,000

Term: January 1, 2025 to May 31, 2026

Funding Source: GRANT Funded – Ohio EPA Grant
