

Department of Port Control

Ordinance No.: 1202-2024

Executive Summary

The Department of Port Control is requesting the authority to enter into one or more professional service contracts to conduct an economic impact study of Cleveland Hopkins International Airport, for the Department of Port Control.

Background/Purpose:

The Department of Port Control is requesting the authority to enter into one or more professional service contracts to conduct an economic impact study of Cleveland Hopkins International Airport. The study will measure the economic value the airport is contributing to local and regional surroundings.

With the Terminal Modernization Development Program underway, the Department will utilize the results of this study to ensure that the infrastructure needs of the airport will be met in order to serve passengers and support the local communities.

Anticipated Cost:

\$500,000
