

**Request for Legislation**

An ordinance authorizing the Director of Public Utilities to enter into one or more public improvement contracts to install electric vehicle charging stations at approximately nine locations at DPU facilities.

**Background/Purpose:**

The Department of Public Utilities is beginning to transition its fleet to all electric vehicles (AEVs), and has 24 such vehicles on order. DPU now seeks to install electric vehicle charging equipment at its facilities.

**Scope of Work/Commodities/Services:**

This project will install electric vehicle charging stations and make the associated electrical modifications and improvements at DPU facilities. This project will support approximately 31 electric vehicles. The initial set of sites is expected to include

- DPU 1201 Lakeside
- CWD Nottingham
- CWD Parma
- CWD Harvard Yards
- CWD Garrett Morgan
- CWD Crown
- CPP North Marginal
- CPP St. Clair
- CPP 1300 Lakeside

**Anticipated Costs and funding source:**

The anticipated cost of this work is approximately \$1,400,000. The funding sources shall be Fund 52, SF 001, and/or the fund or sub-fund to which are credited the proceeds of current and future bonds, if issued for this purpose.

**Schedule or Term of Contract:**

Preliminary design has been completed, and detailed design is now underway. The construction work authorized by this ordinance is estimated to take up to two years to complete. The schedule may be impacted by supply chain challenges.
