

DIVISION OF CLEVELAND PUBLIC POWER

REQUEST FOR LEGISLATION

An ordinance authorizing the Director of the Department of Public Utilities to enter into one or more requirement contracts for the purchase of various sized PVC and FRE duct line material, including but not limited to conduit, fittings, elbows, spacers, expanders, reducers, adhesives and related materials necessary to construct electrical duct lines for the Division of Cleveland Public Power for a period up to two (2) years.

EXECUTIVE SUMMARY

Background/Purpose:

The legislation will allow Cleveland Public Power to purchase the specified commodity items of PVC and FRE conduits and fittings, solvent cement, support, and hanger systems.

Scope of Work/Commodities/Services:

This legislation will authorize Cleveland Public Power to procure by requirement contract the purchase of PVC conduits and fittings, FRE conduits and fittings, molded junction boxes and solvent cements for PVC and FRE conduits including hanger systems, steel support angles and steel pipe for operational needs of Cleveland Public Power in the supply, distribution and/or transmission of electrical power for the City of Cleveland.

Justification/Urgency:

Cleveland Public Power uses PVC and FRE conduit material in day-to-day operations as underground material associated with electrical power systems such as non-metallic conduit and the more common fittings used to enclose underground cable runs in various sizes in accordance with NEMA Standards, ASTM, and Federal regulations.

Anticipated Costs and funding source:

CPP General Operating Fund of funding approved by the City of Cleveland's Finance Director
Anticipated Cost \$500,000 per year (\$1,000,000 for 2 years)

Schedule or Term of Contract:

Legislation is to lead to a new contract or contracts for a period up to two (2) years.
