

Division of Water

Request for Legislation

An ordinance authorizing the Division of Water to enter into one or more requirement contracts to purchase concrete pipe adapters, repair saddles and accessories for a term of up to two years.

Background/Purpose:

Approximately 40% of CWD’s 400 miles of trunk mains are concrete pipe. This pipe is not compatible with the couplings, clamps and other fittings used to repair ductile, cast iron and steel mains that make up the rest of our water system. Concrete mains have been installed since the 1950’s and the number of manufacturers of this pipe and the related material needed to make repairs is small. A requirement contract has been an essential means to ensure materials are available when emergency pipe repairs are needed.

Scope of Work/Commodities/Services:

The purchase of concrete adapters and repair saddles will enable CWD to be prepared for emergency pipe repairs when it becomes necessary to repair pressurized concrete pipes within our distribution system.

Justification/Urgency:

In the past, it has been difficult to receive materials in a timely manner to meet emergency operational needs because delivery time is ten to sixteen weeks after an order is placed. The ability to receive this material quickly is crucial to minimize system issues and customer interruption. A requirement contract will allow materials to be in stock so that CWD can execute an immediate response for emergency repairs.

Anticipated Costs and funding source:

The funding source will be CWD’s operating budget. The projected estimates for each of the two years are as follows:

<u>Year 1</u>	<u>Year 2</u>	<u>Total Estimate</u>
\$100,000.00	\$100,000.00	\$200,000.00

Schedule or Term of Contract:

This legislation will lead to a requirement contract for a term of up to two years.

CSB Participation on the Current Contract:

Goals: 0%; Actual CSB Participation: 0%

OEO waived goal because it is impractical to subcontract portions of this contract.

Current Contract:

Vendor Company Name	Vendor Address/Contact	Services/Work performed	Contract Info
Rangeline Pipeline Services	405 N. Grandview Street Union City, OH 45390 Contact: Scott T. Noonan (419) 806-6547	Manufacture and provide for purchase - concrete pipe adapters, repair saddles and accessories	Contract #: RC2022-011 Awarded Amt: \$267,766.00 Expiration Date: 2/14/2024

Vendors on the ITB Mailing List that Led to the Current Contracts:

Vendor Name	Vendor Address	Vendor Contact
Core and Main	1040 N. Meridian Rd Youngstown, OH 44509	Curtis Straubhaar (440) 237-1200
Ferguson Enterprises, LLC	7500 Hub Parkway Valley View, OH 44125	Derek Baker (216) 398-9601
Northwest Pipe	1003 N. MacArthur Blvd. Grand Prairie, TX 75050	Gary Lewis, RSM (360) 397-6250
Thompson Pipe Group- Pressure	1003 N. MacArthur Blvd. Grand Prairie, TX 75050	Pat Whiteley (972) 262-3600
Winwater Akron OH Co.	2600 S. Arlington Rd. Akron, OH 44319	Reginald Reed (330) 644-0114
