**Resolution of Support for West Creek Conservancy's Clean Ohio Grant
Funding Application for the Irishtown Bend Project**

Resolution No:	xxxx-26
Purpose:	Resolution of Support for West Creek Conservancy's ("WCC") Clean Ohio Green Space FY27 Grant Application for the Irishtown Bend Restoration Phase II Project by the City of Cleveland
Project Summary:	The Irishtown Bend project will install 2,300 linear feet of sheet steel bulkheads, remove or realign failed roadways, and regrade the hillside along the shoreline of the Cuyahoga River along the section known as Irishtown Bend to correct a major hillside failure that threatens to disrupt commerce on the river. WCC is applying for a Clean Ohio Green Space FY27 Grant to obtain funding for these improvements. City wishes support WCC's grant application and will request that the Ohio Public Works Commission give WCC favorable consideration.
