Cleveland City Planning Commission

Ordinance #: 337-2021

Project: Code Studio Contract Extension

Executive Summary:

The Cleveland City Planning Commission is completing its pilot initiative to institute Form Based Zoning in three target areas in the City of Cleveland. The department has engaged with community and local agency representatives on the target areas and have worked with Code Studio to develop the draft code. Given this effort will require legal analysis and review of the Code draft prior to adoption, the Planning Commission is requesting a contract extension for Code Studio for no longer than December 2021. This extension will allow for the further engagement and evaluation necessary to complete the pilot initiative.
