

MOCAP

2025 CIP PROPOSAL

James DeRosa, Director
April 2025

CITY OF CLEVELAND
Mayor Justin M. Bibb

The Capital Improvement Plan is essential to the operations of the City of Cleveland and its residents. The plan prioritizes long-term capital projects and commits funds to ensure the City's public facilities, infrastructure, and equipment are sustainable now and in the future.

Capital:

New construction, expansion, renovation, or replacement project for an existing facility(ies). Can include the cost of land, engineering, architectural planning, and contract services needed to complete the project

A purchase of major equipment (assets) with a useful life of at least 10 years

A major maintenance or rehabilitation project for existing facilities ("capital maintenance") with an economic life of at least 10 years

Bond Types

4

Facilities

Funding is assigned to the repair and replacement of capital equipment or city owned facilities such as fire stations and salt domes. Primary users are Public Works and Public Safety

Recreation

Funding is assigned to the repair and replacement of park equipment, recreation centers, and sports courts including design and construction services. Primary user is Parks and Recreation

Road & Bridges

Funding is assigned to the repair and replacement of roads, bridges and sidewalks including design and construction services. Primary user is MOCAP.

Cemeteries

CIP Revised

The CIP is revised based on committee feedback and questions are directed to the departments for review, additional information or clarification. The process repeats until final.

CIP Committee Review

The committee reviews the first CIP draft and presents questions to MOCAP or provides additional guidance. Committee members include: Chief Teeuwen, Chief Epstein, Director O'Keefe, Director Mersmann, Director DeRosa.

Department + Council Input

Departments and council members are asked to list and prioritize their proposed capital projects on a shared spreadsheet or submitted through the Project Intake Form.

Prioritization

With over \$140M combined capital projects submitted by Departments, prioritization becomes critical in narrowing selections. The priorities are Safety, Physical Condition, Regulatory Compliance, Legal Compliance, Funding Commitments, and Mayoral and Council Priorities.
