## Digital Learning Community Center Initiative

### Earle B. Turner Recreation Center Site Plan

Renovation Area: Rooms 1, 2, 3; the hallway (H) and the storage closet (S) at the end of the hallway. The wall between Rooms 1 & 2 will be removed and the wall facing the lobby (L) will be opened to create a main entrance to the center.

Area of Lease: Rooms 1, 2, 3 and the storage closet (S) which is 1,694 square feet. Maintenance will be coordinated with the City for the Area of Lease.

### Site Programming Overview

Rooms 1 & 2: Classroom / Lab

- Reception
- Flexible set up to allow for lab and classroom style instruction and free exploration
- 2 - AR/VR stations will be installed at opposite ends of these rooms
- Computer and STEM learning stations for class and general use

Room 3: Studio / Maker Space

- Computer stations
- 3D printing, AV and recording equipment

Hallway & Storage Room

- Storage lockers
- Overflow storage to allow for storing extra tables and chairs

#### 5G Network

#### Feasibility Assessment

The goal is to bring 5G into the center, but this will be done through a separate project and will follow a different timeline outside the center construction timeframe.
