Dear Mayor Bibb, Ms. Britt and Mr. Drummond:

The Cleveland Clinic Foundation ("CCF") submits this Notice of Operations for calendar year 2025 pursuant to Chapter 686 of the Codified Ordinances of the City of Cleveland on behalf of all CCF health system and emergency facilities operating in the City of Cleveland. CCF has limited its response to those facilities and operations located within the City of Cleveland as CCF interprets the scope of Chapter 686 as applicable only to hospitals and emergency facilities located within the City of Cleveland.

The attached table includes the information requested, including the number of staff members, number of beds, and the types of services provided at the facility. With respect to a list of "staff members," CCF has included in this Notice a good faith estimate of the total number of employees in 2025 per facility, since the number fluctuates with normal business operations. Therefore, this listing excludes any part time, "leased employees" and "independent contractors," as those terms include a wide range of temporary workers, vendors, suppliers, consultants, etc., all of whom CCF believes in good faith to be outside the scope of this Notice.

Very truly yours,
