Subject: Legislation to be Passed Under Suspension on June 17, 2020

Dear Council President Kelly:

We are requesting passage under suspension, at the June 17, 2020, Council Meeting, of legislation authorizing the method of making the public improvement of rehabilitating and repairing Runway 6R-24L at Cleveland Hopkins International Airport (CHIA); and authorizing the Director of Port Control to enter into one or more public improvement contracts for the making of the improvement.

Passage of this legislation is critical because it ensures the Department is able to maintain safe and secure runways at Cleveland Hopkins International Airport; as well as, continued compliance with FAA Part 139 regulatory requirements. Failure to execute the repairs in a timely manner could result in the closure to Runway 6R-24L for an extended period of time.

If you have any questions or concerns, you may contact me at (216) 265-6022.

Sincerely,

Robert Kennedy, Director
Department of Port Control
