**Old Detroit Rd Bridge Rehab;**  
**ODOT PID 123855 (RLA 2025\*134)**

**Ordinance No.**                   **35-2026**

**Purpose:**                           This Department requests legislation to grant consent to the ODOT to construct the improvement on Old Detroit Rd Bridge Rehab; to apply for and accept gifts, grants, or other funding, if necessary; to acquire, accept and record necessary right-of-way; and to authorize the Director of Capital Projects to enter into one or more agreements necessary to make the improvement.

**Description:**                   The City has arranged for the preparation of construction plans and specifications, including engineering reports. ODOT will arrange the project sale, award to the lowest responsible bidder and provide construction supervision and administration of the improvement. The Old Detroit Road Bridge was built in 1853 and is located over the abandoned CSX railroad near West 24th Street. The intent of the project is to restore the existing headwalls and fill in the portion of the culvert that carries the roadway load. Improvements include various bridge repairs, sidewalk replacement, pavement replacement, bridge cleaning, and drainage improvements.
