BE IT ORDAINED BY THE COUNCIL OF THE CITY OF CLEVELAND:

Section 1. That this Council hereby declares that it is a response to the public health emergency to support the development of a comprehensive long-term violence prevention strategy for the City in cooperation with the Mayor's Office of Prevention, Intervention, and Opportunity (the "Project"). Costs under the Project include costs for: (i) community engagement, including but not limited to, engaging a facilitator, two youth documenters, childcare workers and providing food, stipends, and transportation costs for residents members participating in the workgroups, as well as a community engagement organization to oversee these activities (ii) communications, marketing, and storytelling, and (iii) plan research and publication (collectively, the "Implementation Expenditures"). This Council's decision that Implementation Expenditures under the Project are appropriate by virtue of charging to the City's Fund Payment is based on the consideration that such Implementation Expenditures satisfy the two-part framework required by Guidance such that (i) the City has identified a negative public health or economic impact resulting from or exacerbated by COVID-19 and (ii) the City's response is designed to address the identified health or economic

impact in a reasonably proportional manner. In addition, this Council finds that the Project meets the two-part framework required by the Guidance with respect to the following: (i) increased violence is a specifically enumerated public health impact of the pandemic experienced by the general public in the City, pursuant to 31 CFR 35.6(b)(3)(i)(D); (ii) the City's reasonably proportional response may include violence intervention programs deploying evidence-based practices focused on deterrence, street outreach, violence interrupters, and capacity-building efforts under community violence intervention programs; and (iii) developing community-driven programs requires resources to hire and build staff capacity, adopt new processes and systems, and use new technology and tools in order to effectively develop, execute, and evaluate such programs, all pursuant to 31 CFR 35.6(b)(3)(ii)(E)(3).

Section 2. That the Director of Finance is authorized to enter into one or more agreements with one or more consultants or one or more firm of consultants for the purpose of supplementing the regularly employed staff of the several departments of the City of Cleveland in order to provide the professional services necessary for the reasonably proportional response, defined herein, for the Project.

The selection of the consultant or consultants for the services shall be made by the Board of Control on the nomination of the Director of Finance from a list of qualified consultants available for employment as may be determined after a full and complete canvass by the Director of Finance for the purpose of compiling a list. The compensation to be paid for the services shall be fixed by the Board of Control.

Section 3. That the Director of Finance is authorized to apply for and accept any gifts or grants to implement this ordinance from any public or private entity; and that the Director is authorized to file all papers and execute all documents necessary to receive such funds; and that the funds are appropriated for the purposes described in this ordinance.

Ordinance No. 99-2023

Section 4. That all agreements authorized by this ordinance shall be approved by the Director of Law and contain such terms and conditions as necessary to protect the public interest consistent with the purposes of this ordinance.

Section 5. That the cost of all agreements authorized by this ordinance shall not exceed nine hundred ninety-eight thousand six hundred dollars and zero cents (\$998,600.00) and shall be paid from the Fund Payment, from the fund or funds to which are credited any gifts or grants accepted under this ordinance, and from any other funds that are appropriate for this purpose as determined by the Director of Finance. The agreements authorized and to be paid from the Fund Payment shall be fully executed, with funds to be encumbered during the period beginning March 3, 2021 and ending December 31, 2024 and shall be fully expended no later than December 31, 2026. (RQS 0117 RL 2021*79)

Section 6. That this ordinance is declared to be an emergency measure and, provided it receives the affirmative vote of two-thirds of all the members elected to Council, it shall take effect and be in force immediately upon its passage and approval by the Mayor; otherwise it shall take effect and be in force from and after the earliest period allowed by law.
