Dear Mayor Bibb and Council President Griffin,

On behalf of Plexus LGBT & Allied Chamber of Commerce, which represents 450 member organizations and professionals with a total of 4,000 individual stakeholders. I am writing to express our support for the proposed Pay Equity and Transparency legislation currently under consideration. This legislation is a significant step forward in addressing the persistent gender and racial wage gaps that impact so many in our community.

Extensive research has shown that policies such as prohibiting salary history inquiries and requiring pay transparency are effective tools for reducing wage disparities, particularly for women and workers of color. By removing these barriers, this legislation will help ensure that all workers are paid fairly for their labor, based on their skills and experience, rather than on their previous salaries. Moreover, studies have demonstrated that these policies do not hinder business growth but, instead, foster a more equitable and competitive job market to fuel our businesses.

We believe that Cleveland can set a strong example by enacting this legislation and following the lead of city's across the state like Columbus, Cincinnati, and Toledo.

Thank you for your leadership and consideration of this important issue. We look forward to supporting your efforts and working together to create a more equitable Cleveland.

Sincerely,

Amanda Cole
