

**Center for Disease Detection (CDD)
Executive Summary**

Background/Purpose:

This legislation authorizes the Director of Public Health to enter into a direct award without competitive bidding with Center for Disease Detection, the supplier for a requirement contract MA-RC2018-34, RQS 5005, RL 2019-48; in an amount not to exceed \$52,490 for a term of April 1, 2019 to March 31, 2020.

The Ohio Department of Health will no longer cover certain screening tests for certain patient populations that are in need of reproductive health services. CDD is the only lab service that contracts with the Ohio Department of Health to conduct screening tests for our patients at the Reproductive Clinics, and is the only agency that utilizes the current AFTIS software which is currently used by the clinical staff to upload and transmit patient information to ODH.

This contract will cover the all the screening tests listed on the attached documentation. The expanded lab services will assist CDPH in increasing patient volume; manage chronic disease (including HIV) and providing care to more vulnerable populations to optimize better outcomes and will enable CDPH to provide high quality reproductive services to an underserved population.

The funding source is from our Title X program, this will allow us to meet our grant requirements.

6 month expanded lab service list for RH clinics

Requested Lab tests	Projected # tests	Costs per test	Total cost
Urine Trich NAAT	1500	\$17.50	\$26,250
CMP	50	\$8.00	\$400
BMP	100	\$7.00	\$700
Oral NAATs	100	\$12.50	\$1,250
Rectal NAATs	100	\$12.50	\$1,250
CBC	50	\$6.00	\$300
Hepatitis B surface Ag	100	\$10.00	\$1,000
Hepatitis B AB	100	\$10.00	\$1,000
Hep C AG	100	\$10.00	\$1,000
