

COMPUTERS & ELECTRONICS

Cleveland has a year-round drop off at the city's Division of Waste Collection garage. Hours are Monday-Friday from 9:00 AM-3:00 PM. No TVs accepted.

Disposal Location: [5600 Carnegie Avenue, Cleveland](#)

Computers and electronics can be recycled, but not in your curbside recycling cart or bin.

Most electronics contain valuable metals that can be recovered through a special drop-off recycling program. Items that can be recycled include desktops, towers, laptops, monitors, keyboards and peripherals, printers, modems, tablets, e-readers, telecom devices, networking equipment, cables, cell phones and video game systems.

Televisions can be recycled for a fee. Learn more about [televisions](#).

Other electronics can be recycled through local e-waste companies and at retail locations. [Best Buy](#) and [Staples](#) allow customers to drop-off items in store for free. Small personal electronics (phones, tablets, GPS) can be dropped off for recycling at the [Solid Waste District](#).

Residents can recycle unwanted computer equipment and peripherals at their city service department through our partnership with municipalities in a countywide [computer recycling program](#).

Looking to recycle other items? Use the "What Do I Do With?" search engine at the top of every page.

Are you a business? Businesses can see a list of computer and e-waste recyclers in our [Business Recycling Directory](#).
